

SOCIETY

OUR HATELESS WAR.

Be ever placid in your mind;
All trace of temper shun;
Be gentle, courteous and refined,
And when you point your gun,
At Germans let your thoughts be kind,
And never hate a Hun—
No; never, never, never,
Never hate a Hun.

What though they ravage peaceful lands
That they have overrun?
What though they crop off babies' hands
And laugh and call it fun?
Each boy in khaki understands
He must not hate the Hun—
No; never, never, never, never,
Never hate a Hun.

They murder neutrals on the seas;
Of mercy, they have none;
They ravish women whom they seize,
And count the deed well done;
But we are told for crimes like these
We should not hate the Hun—
No; never, never, never, never,
Never hate a Hun.

When those who die to make men free
In battles dearly won,
Are listed and dear names you see
Of brother, father, son,
What consolation it will be
That you don't hate the Hun—
No; never, never, never, never,
Never hate a Hun.

The man who wouldn't hate a Hun
Would fall in love with hell;
The man who wouldn't hate a Hun
For drops his soul will sell;
But still we're told to love the beast,
So we won't hate him in the least,
The vile and vicious Hun—
No; never, never, never, never,
Will we hate the Hun.

TIRED, DRAGGY WORN-OUT

Texas Lady Thus Describes Condition She Was In. Then Tells How Cardui Relieved Her

West, Texas.—Mrs. J. A. Hunter, of this place, recently made the following statement: "I have known of Cardui for years—when a girl, my mother gave it to me to stop pains... and it certainly did me a great deal of good.

After marriage I was in a run-down state of health and nervous, not at all like my usual self... so much so that I had to go to bed. I began taking Cardui... soon I was strong, able to do my work, even my washing.

I have been well since... I can recommend Cardui and gladly do so... Whenever I over-work and feel tired, draggy, worn-out, I take a few doses of Cardui. It strengthens me, gives me an appetite, seems to strengthen my back, and I soon feel like going to work again.

I think all women should keep and use Cardui. It is splendid."

If you are suffering from any of the symptoms Mrs. Hunter mentions, try Cardui, the woman's tonic.

In use for over 40 years, Cardui has helped thousands of women. Cardui is composed of mild, medicinal, vegetable ingredients, acknowledged by standard medical writers to be of benefit in many female disorders.

RECIPES:

Molasses Cookies—
1 1/2 c. molasses
1 c. brown sugar
1 c. sour milk
2 tsp. soda
1 tsp. vinegar
1/2 c. bacon drippings
1 egg well beaten
1tbsp. each ground cinnamon, ginger and cloves
1/4 tsp. salt
Flour
Mix ingredients in the order given, mixing in sufficient flour to make dough sticky enough to roll. Toss on floured board and roll. Bake in hot oven.

Cup custard—
4 eggs
1 1/2 tsp. salt
1 1/2 c. maple sugar
3 c. evaporated milk (diluted)
Beat eggs slightly, add sugar and salt, pour on scalded milk slowly; drain into mold brushed with oleomargarine, set in pan of hot water, and make in a slow oven until firm. Care must be taken that water around custard does not boil.

Peanut Butter Sandwiches—
4 tbsps. peanut butter
1/2 c. finely chopped celery
4 tbsps. finely chopped olives
3 tbsps. salad dressing
Mix all ingredients well and spread on thin slices of brown bread.

Melted Cheese Sandwiches—

1/8 tsp. paprika
1/4 tsp. mustard
2 egg yolks
1/4 c. evaporated milk
3/4 c. water
Melt oleomargarine, add cheese and seasoning. When cheese has melted, add egg yolks, milk and water. Stir well and cook in double boiler about three minutes. Pour in shallow dish to cool and serve between slices of bread spread with oleomargarine.

Fruit Dainties—
1 c. raisins
1/2 c. peanut butter
1 c. dates
Chop raisins and dates fine, work in peanut butter, moisten with grape juice, form into balls and roll in shredded cocoanut.

BETWEEN US TWO.
My dear Mrs. Adams:
I have had so much help from your articles published in our leading paper that I am sending you some recipes which our family think are splendid.

We have used bread made from this recipe since last fall and everyone thinks it is fine. It is not sweet, takes the place of any white bread and makes splendid toast.

I use the rolled oats which you have tested.

Roll Oats Bread—
2 c. scalded milk
2 c. luke warm water
1/2 cake compressed yeast
2 tsp. salt
2 tsp. sugar
1 sifter of white flour
Rolled oats to make thick dough
Dissolve yeast in luke warm water, add milk and salt. Stir into smooth sponge and let rise five or six hours in warm place, then stir with rolled oats and two tablespoons of oil. Put into greased bread pans and let rise one hour. Bake. This makes two loaves.—Mrs. J. K. B.

Success of a New Remedy For Backache, Kidneys, Rheumatism

BELLEVUE, TENN.—"I was suffering with muscular rheumatism when I came in possession of Dr. Pierce's Anuric Tablets. I commenced on them at once and haven't felt but few symptoms of it since. Anuric is just fine for rheumatism. I am so glad I have a relief, I have suffered so much from it and from neuralgia in my head."—Mrs. LENA KNIGHT, Route 1.

NOTE: Folks in town and adjoining counties are delighted with the results they have obtained by using AN-URIC, the newest discovery of Dr. Pierce, who is head of the Invalids' Hotel and Surgical Institute, in Buffalo, N. Y. Those who started the day with a backache, stiff legs, arms and muscles, and an aching head (worn out before the day began because they were in and out of bed half a dozen times at night) are appreciating the perfect rest, comfort, and new strength they obtained from Doctor Pierce's Anuric Tablets, double strength. To prove that this is a certain uric acid solvent and conquers headache, kidney and bladder diseases and rheumatism, if you've never used the Anuric, send ten cents to Dr. Pierce for a large trial package. This will prove to you that Anuric is many times more active than lithia in eliminating uric acid. If you are a sufferer, go to your best druggist and ask for a small bottle of Anuric.

The poisons in your system can be thrown out by taking Dr. Pierce's Pleasant Pellets, composed of May-apple, aloes, root of jalap, sugar-coated, and sold by all druggists.

Strength and How to Gain It

INSTEAD OF EXERCISES, PATENT FOODS AND MEDICINES, TAKE PHOSPHATE WITH YOUR MEALS.

The demand today is for men and women who are strong in every sense of the word—possessing the physical strength necessary to endure hardships and fatigue; the mental strength to grapple with difficult problems; the nervous force which endows the body with vigor and vitality; the will power to triumph over adversity and turn defeat into victory.

But such glorious strength is impossible so long as your nerves are weak and exhausted, and therefore if you would be really strong you must first care for your nerves. Weak, exhausted nerves need food, and for this purpose physicians strongly recommend the use of the organic phosphate known and sold by Bellamy, Green, Jarman and Futrelle and all good druggists as bitro-phosphate and put up in 1-gr. compressed tasteless tablets.

If you feel your strength is falling from any cause, get a supply of these bitro-phosphate tablets and take one with every meal. Practically all of the minor ailments afflicting mankind, as well as many of the more serious maladies, can be traced to nervous exhaustion and lowered vitality, and probably this explains why the general health is invariably noticeable when bitro-phosphate is taken as directed, as the nerves are thereby revitalized and made strong.—Advt.

No Humbug! Lift Off Corns

Doesn't hurt a bit to lift a corn or callus off with fingers

For a few cents you can get a small bottle of the magic drug freezezone recently discovered by a Cincinnati man.

Just ask at any drug store for a small bottle of freezezone. Apply a few drops upon a tender, aching corn and instantly, yes, immediately, all soreness disappears and shortly you will find the corn or callus so loose that you can lift it out, root and all, with the fingers.

Just think! Not one bit of pain before applying freezezone or afterwards. It doesn't even irritate the surrounding skin.

Hard corns, soft corns, or corns between the toes, also hardened calluses on bottom of feet, just seem to shrivel up and fall off without hurting a particle. It is almost magical.

Ladies! Keep a tiny bottle on your dresser and never let a corn or callus ache twice.
