After months of negotiations D. R. Foster & Co., Pioneer suburban developers have secured that elegantly situated property, formerly known as the Wilmington Gun Club Grounds, at 17th and Castle streets. Responding to the insistent demand of the Government that we build more homes, Foster & Co. have sub-divided and improved this property affording an opportunity for people to buy cheaply and easily, and build either for their own occupancy or as an investment. The streets have been graded and laid out; granolithic sidewalks laid and shade trees planted, water and sewerage installed and every other convenience provided for.

We Have

Never sponsored a development failure; we are too old and well established now to begin. Look at Carolina Court in passing out. Nuf Ced. Your opportunity is now. Delays are dangerous. Procrastination is fatal. Doubt never turned a dollar.

Confidence Has Made Millions!
