

CLOSING EXERCISES OF THE CLEMENT SCHOOL

Various Grades Carried Out Programs—Wallace Red Cross Chapter Activities

(Special to The Dispatch.)
 Wallace, May 14.—The Clement graded school has closed here and, responding to the request of the county superintendent of education there were no elaborate exercises as heretofore owing to the prevailing conditions of the country. Friday there were exercises by the first and second grades, of which Misses Charlie Westbrook and Ruth Williams, respectively, have been the teachers for the past few years. In the first grade two prizes were given for best spellers, one awarded to little Frances Boney, daughter of Mr. and Mrs. S. A. Boney, and Kenneth Currie, son of Rev. and Mrs. W. P. M. Currie.

Exercises by the third and fourth, fifth and sixth, took place in the afternoon, teachers of these grades being Misses Hallie Sutton and Lucile Collins. On this occasion the pupils of Miss Ellen Rose, teacher of music in the school for the past session, gave their recital, furnishing the music between the numbers on program. Prizes in this department were also given, being for war savings stamps, one going to Miss Ethel Sheffield, the other to Miss Flora Mae Cavenaugh. Prizes were offered in the high school department by the Woman's club for the best written paper on "How should the teachers' salary be raised." The first prize in this was won by Miss Elizabeth McGowan; second, Miss Ellen Mae Johnson. On Friday night there was a little play given by the seventh and eighth grades, music being furnished by Miss Rose's music class also. Prof. Z. D. McWhorter, of Bethel, has been superintendent of the school here for the past two years. The faculty assisting him this past session were Mrs. McWhorter, Misses West brook, Ruth Williams, Anna Maynard, Lucile Collins and Hallie Sutton; Miss Ellen Rose, music.

Tuesday afternoon the Red Cross held its regular monthly meeting, all officers present. There has not been a business meeting since the organization of this chapter a year ago with one officer absent. Good reports were given in by the different directors and chairmen. The treasurer's report showed that Pine Grove school house, west of Wallace, an auxiliary, had sent in 18 during the past month; Teachey auxiliary, \$13, all to be used for local purposes.

On account of the death of Mrs. J. A. Cavenaugh, director of civilian relief, Mrs. Lafayette Southerland was unanimously elected to this office. Mrs. Simon Boney was also unanimously elected packer, with Mrs. George Boney as assistant. Mrs. J. E. Rose, chairman of knitting, reported that the last order of wool lasted only a few hours. Mrs. Rose is doing a fine work, having literally gone into "the byways and hedges and compelled" the knitters to come in. The result is that there has never been so many knitting as now. The cutting committee, Mrs. J. W. Boney, chairman, has been busy, with all the assistance she could gather, cutting out the 18 pairs of outing pajamas allotted by Mrs. M. A. Lewis, county chairman of woman's work.

Mrs. Herbert McIntire, of Chicago, was present and told the meeting of her work, complimenting us greatly on what we have done, as she has kept up with this chapter through the county paper. After the conclusion of all business Mrs. McIntire dismissed the meeting with prayer.

This branch of the county chapter has been allotted 22 comfort kits for the drafted men who leave this county the last of May. Mrs. F. P. Powers, who is chairman of the military relief, is busy with her committee getting these ready.

The junior auxiliary met as usual Thursday afternoon. Their chief work was completing the squares for their quilt, made from all left-overs in the work room. Miss Alice Husey, leader, announced that an old lady from the country has given the juniors a new quilted cotton quilt. The juniors have been asked by Atlanta to make quilts of cotton scraps, also of wool. They are going to try to make one quilt a quarter. They expect to begin right away on the underwear for the little refugees, made from the bolt of homespun which they purchased themselves.

On last Saturday, as is customary, the ways and means committee of the Red Cross, of which Miss Lillie Carter is chairman, served in the work room. This time it was sandwiches and coffee. There was also a parcel post sale, which was quite amusing and enjoyable, as well as proving a success.

Friends regret the loss of Mr. and Mrs. M. B. Pope in the death of their little four-weeks-old son, William McAdoo, Friday of last week.

Cotton to Spain Licensed.
 Washington, May 14.—The war trade board has licensed for shipment to Spain one month's supply of cotton. Eight thousand barrels of oil, for which the board has issued a license some time ago, has not been shipped, because Spain wanted it in tin containers instead of in barrels. A compromise was reached whereby it was to be sent across in bulk.

Alpiners Received by Wilson.
 Washington, May 14.—President Wilson received Monday 86 French Alpiners, known as the "blue devils," who arrived here on their tour of the United States for the Red Cross.

Mrs. Theodore Roosevelt, Jr., is working 14 hours a day in a Y. M. C. A. canteen at Aix, France.

REPUBLICANS KEEPING AN EYE ON CAROLINA

Northern Papers Have Idea There is Warm Campaign On in This State.

(Special to The Dispatch.)
 Raleigh, May 14.—North Carolina's coming primary interests the nation so much that New York and Boston papers call for half columns on it and somehow have the impression that a contest is on.

The tickets have gone out and in many respects it is the least militant campaign in years. If 1914 is waived, in which year the republicans failed to put up candidates in several districts that showed county majorities enough to elect republicans, 1918 is the least exciting prospect in years. But New York and Boston believe that there really is something doing in the senatorial primary and hope everlasting springs in the republican breast north when a chance to hit Claude Kitchin or Yates Webb with an axe appears to exist.

Mr. Webb has plenty to worry about if he wishes to do so. He has Judge W. E. Council, democrat, and a much more serious one in Charles A. Jonas. Any republican who could get mad enough at a paper to stop it at a time when it was 100 rank on Roosevelt will be able to talk war to a fine conclusion. Mr. Jonas is a Roosevelt man not one bit proud that "he kept us out of war!" and Mr. Jonas lives in a county that has plenty of German and Dutch descendants.

More than half a million ballots have been mailed. The board of elections figures on about four to the man. In Yates Webb's district there are allotted 90,000. In the third there are 65,000 and in the first 28,000. The withdrawal of W. S. Bailey, of Manco, from the first congressional district fight will eliminate contests in nearly every first district county. There are 70,000 ballots provided in the thirteenth judicial district, 40,000 in the seventh, Wake and Franklin, and 40,000 in the fourteenth. There are 45,000 in the fifth judicial district for solicitor.

Provision has been made for absentee voting and quite a few have used the privilege in local election.

Seniors Called to Colors.
 The call of the great bulk of seniors at the North Carolina College of Agriculture and Engineering takes from commencement the usual social interest, more than 40 of the graduating class having gone to training camps where they prepare for officers.

The 1917 commencement caught a percentage about as large, though the draft had not then gone into effect. That law wasn't necessary as all the boys were anxious to go. They have been credited with their work and will receive their degrees. They will be absent, of course, from the commencement exercises at the close of school.

Wake Forest college, just 16 miles away, is hit just as hard as the local institution. Two-thirds of the graduating class will be present, but many have been out because the country had called. There are 72 candidates for degrees.

At Wake Forest this year Rev. John E. White, Anderson, S. C., will preach the baccalaureate sermon and Congressman E. Yates Webb will make the annual address. Wake Forest alumni will do all the big things this year.

At Meredith college Saturday, May 18, will begin the commencement exercises and Sunday morning the baccalaureate sermon will be preached by Rev. Dr. William Warren Lan-

drum, of Louisville, Ky. Dr. Paul Shorey, of the University of Chicago, will make the commencement address Tuesday morning, May 21. This will conclude the commencement.

Many new restaurants and lunch rooms intended primarily for women patrons are being started in the larger cities as one of the results of the increased employment of women and girls in business.

"Bear" In Mind
CERVA
 The World's Best Beverage
 Banishes thirst.
 Puts vigor into digestion.
 Non-intoxicating.
 A remarkable soft drink with the good taste of hops.
 Absolutely pure.
 At grocers', at druggists', in fact, at all places where good drinks are sold.

LUZIANNE coffee

Luzianne and Corn Pone —Yum-Yum!

WHEN you see your mammy, Honey, bringin' in the coffee and the pone, you can tell before you taste it that the coffee's Luzianne—sure-nuf—by the whiff a-streaming, steaming in the air.

It's the coffee—Luzianne—you remember and you hanker after it until you get another cup.

Luzianne Coffee (your grocer has it) comes put up in tins. Try it tomorrow morning for breakfast. If it isn't all you expect, you can get your money back.

Luzianne for aroma, fragrance and snap. Try it

Stacks of Them!

THEY'RE going by the millions. Everybody, and his neighbor, is eating them, and liking them, and crying for more. So—they must be good!

Nut Tootsie Rolls

They tickle your sweet tooth. Made of peanuts and chocolate. And clean as can be! Try 'em!

The Sweets Company of America
 410-422 West 45th Street, New York City

Good-looking as well as long-wearing

Smooth-fitting, well-finished hosiery, with colors that will not fade—every member of the family is glad to wear

DURABLE DURHAM HOSIERY

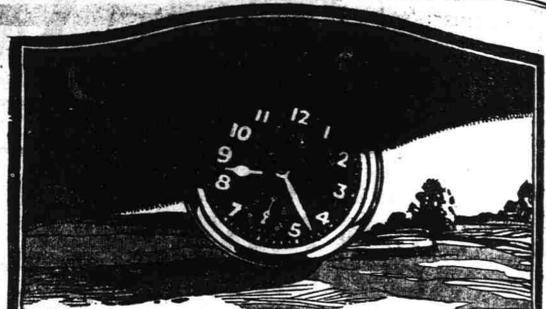

FOR MEN, WOMEN AND CHILDREN
 Made Strongest Where the Wear is Hardest

You know that ordinary hosiery wears out first at heels, toes, knees and about the tops. These are the points where Durable-DURHAM Hosiery is strongly reinforced to make it wear resisting. Then the tops are wide and elastic; sizes are correctly marked; legs are full length; feet, soles and toes are smooth, seamless and even; colors are fadeless and stainless.

Look for the Durable-DURHAM trade-mark ticket attached to each pair. Prices are 15c, 19c, 25c and 35c pair. Write for a booklet showing all styles of Durable-DURHAM Hosiery.

DURHAM HOSIERY MILLS, Durham, N. C.

Amazon
 A woman's good everyday stocking. Made from soft, lisle-finish yarn in medium weight. Wide elastic top, strongly reinforced heels and toes. Price 15c a pair.

The Watch That Tells Time In The Dark

YOU can buy this watch for only \$2.25 from the dealer in your own town.

It is an Ingersoll Radiolite, the latest invention of the famous House of Ingersoll, which has made 50 million watches in the last 25 years.

This Radiolite looks like any good watch when you see it in the day time, but at night it is wonderful. Both of the hands and all the figures on the face glow like stars, and you can tell the time no matter how dark it is. A substance containing real radium makes these figures stand out, and this brightness is guaranteed to last for as many years as the watch.

If you work in the night shift in a factory, or in a mine, or on a farm, you will find this the most satisfactory watch you can buy. You do not need to light a match or get to a lamp in order to know the time.

Ask your dealer to let you have one over night, and if it is not just what we say, you can have your money back next morning.
