Make This WILMINGTON'S GREATEST DAY

### THEATRE

#### "A DAUGHTER OF FRANCE."

A stirring war play, one whose action centers on the front lines in France, will be shown at the Grand theatre tomorrow. It is a William Fox play called "A Daughter of France," and in it the beautiful Miss Virginia Pearson is starred.

It is a typical "love in the trenches" play but has in it a twist that is surprising. In fact it is one of those dramas that keep you on edge continually because you cannot foresee the ending, and while you hope it will turn out according to your sympathy for heroic France you are never sure but what the villains may conquer.

The picture also presents an idea of what happened when the Germans overran France, regarding neither women nor churches.

Miss Pearson gives a splendid portrayal of the anguish that overcomes a true-hearted French girl of noble blood when the enemy occupy her town and her chateau. Here is romance and adventure aplenty.

#### "RASPUTIN, THE BLACK MONK."

The real story of the Russian revolution and the fall of the Romanoffs is told in "Rasputin, the Black Monk," the latest World-Picture Brady-Made, which on Friday will be shown at the Grand theatre with a notable cast headed by Montagu Love, June Elvidge, Arthur Ashley, Julia Dean, Irving Cummings, and Hubert Wilke. This great feature has been staged on a gigantic and lavish scale. The construction of one street alone, which is seen in several of the scenes in this production, cost over \$10,000.

#### Texas Bankers at Galveston.

Galveston, Texas, May 14.—The thirty-fourth annual convention of the Texas Bankers' Association which met today, has brought to Galveston a large number of the leading financiers and business men of the Lone Star State. Prominent speakers scheduled to address the convention during its three days' sessions will include W. E. Nolan, of Minneapolis, Charles S. Hamlin, member of the federal reserve board, and Louis E. Pierson, president of the Irving National Bank of New York City.

#### Annual Meeting of Booksellers.

New York, May 14.—Several hundred prominent representatives of the bookselling trade thronged the assembly room of the Hotel Astor today when the eighteenth annual convention of the American Booksellers' Association was called to order by President Ward Macaulay of Detroit. During the three days of the convention papers on conditions in the trade will

### DAVID'S

## Metric Shirts

Dont Let Your Money  
Owe You Anything

YOUR money owes you full value in exchange for a Metric Shirt. We personally pledge that you'll get it, or you'll get your money back with the same cheerfulness with which it was taken.

be read by experts and a general discussion of the business situation with reference to books will ensue.

In grateful recognition of the action of the government in permitting an extra amount of wheat flour to be used in the making of matzo for the Passover holidays, the Federation of Jewish Women's Organizations of Baltimore has decided to observe the week beginning May 19 as wheatless week.

All women who have been graduated from standard colleges in the last 10 years are eligible to take the course at the Training Camp for Nurses to be held at Vassar college this summer under the auspices of the American Red Cross and the Council of National Defense.

As a measure of wartime economy, the members of the senior class of Wellesley college have voted to eliminate the concert, senior play, garden party and other customary festivities from the commencement program next month.

Public garages in Portland, Ore., are employing women to clean and repair motor cars.

# Help Build Houses

Good Homes Bring Good Citizens

You Can Make Wilmington Grow Fast

By Taking Stock In the

Building and Loan Associations

Saturday, June 1st

The 15 Building and Loan Associations of Wilmington are awake to the importance of properly housing the great new population that will come as a result of the Ship Building industry. Workmen want good homes. Homes that will make them permanent and valuable citizens. To let their children grow with the Greater Wilmington. This being a fact, these Companies have opened a new series of stock for the public spirited people of Wilmington to subscribe to. Every share of stock taken, is helping your Government to house the men, who build the ships, to make Uncle Sam a world power. Every person must help house these men—these valuable citizens. The Building and Loan Associations will gladly lend the money now, for the purpose of erecting houses. If you are a subscriber now—double your shares. Do not stand in the way of progress. Today is the time for action.
