Securing Subscriptions to The Dispatch — Every Participant Anxious to Secure 250,000 Extra Votes For Each Club of \$25 in New or Renewal Subscriptions By 10 P. M., Saturday, June 15th

Tomorrow night at 10 the first lap of the journey for the 250,000 extra votes for each club of \$25.00 secured in new or renewal subscriptions will expire. Each candidate, and especially the candidates that are entering each day, should try and secure just as many clubs of \$25.00 in subscriptions as possible, and there is a reason for this, and the reason is very plain because never again during the life of the New Era Circulation Campaign of The Dispatch will as many votes, both regular and special, be issued for the securing of subscriptions either in new or renewal, as now. Therefore each candidate desires to receive as many votes as possible upon the subscriptions they secure, while more votes are issued upon subscriptions, and that is now. It naturally should behoove each and every candidate to thoroughly realize the fact and send to The Dispatch by 10 p. m. on tomorrow, Saturday, June 15th, every possible subscription that is within her power to secure. The candidates that are entering each day should also send every possible subscription to The Dispatch by 10 p. m., Saturday, June 15th, so they will be in position to receive many extra votes in addition to the regular votes for their first amount of subscriptions.

Vote Standings Appear Sunday.

The vote standings of the different participants of The Dispatch Campaign will appear in the edition on Sunday of The Dispatch, and there will be noticed that the votes for the various candidates are beginning to soar skyward, and this naturally denotes the interest that the different candidates and their friends are displaying, and also the liberal co-operation they are meeting with from every source in their efforts to secure subscriptions to the Tidewater section's great daily.

New Series of Coupons Sunday.

There will appear in the Dispatch on Sunday in connection with the announcement of the various participants and the votes they have a new series of special voting coupons. These coupons will be good for 250 votes each, and will be good for that amount if sent to The Dispatch on or before June 22nd. Every candidate should clip these coupons. They are valuable, and they will materially assist any young lady in her desires to secure one of the very valuable awards on August 17th. There remains only a few hours of the special vote offer and let the few hours that remain of the present special vote offer be ones of great activity all along the line in both divisions.

New York Letter

By O. O. MCINTYRE.

(Special Correspondence of The Dispatch.)
New York, June 14.—When you come to New York looking for an eating place with atmosphere do not fail to visit "No. 340 West 39th Street." I do not know the name of the proprietors and they do not seem to be particular about the public knowing anything about them. So far as I know it is the only restaurant remaining with the "atmosphere" reminiscent of Semprini or Laloy's in the days before the white tiled, one armed eateries catapulted into public favor.
"No. 340" is in a street where race suicide is unknown. The restaurant is in the back of bar-room and one must pass through the bar to reach the low ceiling room which looks out upon a slum area way—an area way crisscrossed with clothes lines, smudgy faced children and rusty fire escapes.
The bill of fare is painted on a

blackboard and a dinner for three with wine totaled \$2.40. The waiters are of the strangest type I have ever seen and are unknown to Broadway. They are the cringing servile sort—like rare flowers that a harsh word would wither. There are only four waiters to wait on a seating capacity of about 75. Service is an unknown quantity but what is lacking in service is made up in splendid food.
All the Broadway types were there. The fragile Nazimova like person with a companion red of neck and noisy of collar were there. Opposite was Creator, the band master, and at another table Irma Deremeaux, the artist, and an ermined movie star sat in the corner allowing those who wished to gaze upon her collection of jewels.
At still another table was a sprinkling of untamed femininities—known in the Broadway vernacular as "wild women." The newly made widow swathed in black puffed languidly at innumerable cigarettes. Three Spanish gentlemen chattered about the glories of America.
The menu contained filet mignon

Famous In a Day For Her Beautiful Complexion, Oatmeal Combination Does It

A Free Prescription Does Its Work Overnight. You Can Prepare It At Your Home

New York: It is my own discovery and it takes just one night to get such marvelous results, says Mae Edna Wilder, when her friends ask her about her wonderful complexion and the improved appearance of her hands and arms. You can do the same thing if you follow my advice, she says: I feel it my duty to tell every girl and woman what this wonderful prescription did for me. Just think of it! All this change in a single night. I never tire of telling others just what brought about such remarkable results. Here is the identical prescription that removed every defect from my face, neck, hands and arms. Until you try it you can form no idea of the marvelous change it will make in just one application. The prescription which you can prepare at your own home is as follows: Go to any grocery and get ten cents worth of ordinary oatmeal, and from any drug store a bottle of derwillo. Prepare the oatmeal as directed in every package of derwillo and apply night and morning. The first application will astonish you. It makes the skin appear transparent, smooth and velvety. I

especially recommend it for freckles, tan, sun spots, coarse pores, rough skin, ruddiness, wrinkles, and, in fact, every blemish of the face, hands and arms are heirs to it. If your neck or chest is discolored from exposure, apply this combination there and the objectionable defect will disappear as if by magic. It is absolutely harmless and will not produce or stimulate a growth of hair. No matter how rough and un-gainly the hands and arms, or what abuses they have had through hard work and exposure to sun and wind, this oatmeal-derwillo combination will work a wonderful transformation in 12 hours at the most. Thousands who have used it have had the same results I have had.
Note: To get the best effect be sure to follow the complete directions contained in every package of derwillo. You have need nothing else and it is so simple that anyone can use it; and is so inexpensive that any girl or woman can afford it. The merit after the first application is guaranteed. There will be a noticeable improvement after the first application or they will refund the money. It is sold in this city under a money refund guarantee by all department stores and druggists, including R. R. Bellamy and Ahrens Bros.

LEVER NOT WITHDRAWN FROM RACE FOR SENATE

Friends of Congressman Say That He Is Expecting Fully to Win

(Special to The Dispatch.)
Columbia, S. C., June 14.—There is absolutely no truth in the report that Congressman A. F. Lever is contemplating withdrawing from the race for the United States senate, it is declared here today. Friends of the congressman say that he is in the race to the finish and that he expects to be a winner when the votes are counted.
A report was printed in a Charleston paper to the effect that he was expected to withdraw but it is declared here today that the report is without foundation in fact.
Congressman Lever is expected to arrive here today or tomorrow and it is probable that a statement will be issued by him on his arrival.
There is considerable speculation as to who will make the race for commissioner of agriculture. It had been generally thought that Dr. A. C. Summers would seek to retain the place but he has not yet filed his pledge. W. D. Garrison is the only avowed candidate for the place thus far.

There will be no annual convention of the South Carolina State Fireman's association held this year, because of war conditions. Chief Behrens, of the Charleston fire department, president of the association, has written a letter to each fire chief in the association, setting forth the reason for postponing the meeting to 1919. The association is patriotic and has purchased \$1,500 worth of liberty bonds. The members feel they can further serve their country by deferring their convention to next year, at Bishopville.

Acting on the suggestion of Gov. R. G. Pleasants, of Louisiana, Gov. Manning today wired President Wilson requesting that the president, through municipal authorities and the press, urge greater consumption of Irish potatoes as a substitute for wheat bread.
"At the suggestion of Gov. Pleasants, of Louisiana," said the South Carolina executive's telegram. "I beg to request that you, through municipal authorities and the press, urge greater consumption of Irish potatoes for wheat bread, along the line of Gov. Pleasants' recommendation. I also endorse his suggestion that for the next 60 days hotels and restaurants discontinue serving bread free with dinner and substituting potatoes therefor. I should suggest that the food administration also act on this matter."

War Conference of Building Industry

New York, June 14.—A general conference of architects, building material societies, building employers' associations and organizations of building and allied interests was begun here today with the object of finding some plan upon which the construction and building material interests of the entire country can meet to lend complete co-ordinated assistance to the government in helping to fix the complex building material and construction interests of the country into the war-winning program.

with stuffed tomatoes at 25 cents. On Broadway it is \$1.25. The coffee is of a Turkish variety and is served in glasses like they do on the Paris boulevards and sells for five cents a glass. "No. 340" has been running for ten years and yet it is never crowded.

Benjamin De Casseres, psalmist of night and Nietzscheism, has dedicated his new book of poems to his journalistic associates, Carlo Fornaro and Marius de Zayas. The three fiery young publicists first got together years ago to plot to overthrow Porfirio Diaz, of Mexico. The "revolutionists" table around which they gathered in the Tenderloin chile con carne resort, conducted by Joel Rinaldo, greaser, is still pointed out to sight-seers. They are never seen during the day—but at night they appear serene, cynical and smiling. They are born radicals, the foe of industrialism and prescribed morality, opposed intoto to the present order of things economical, political, aesthetic and social.

When De Casseres first appeared in New York he wrote a letter to the World in which he said: "I am organizing a society for the promotion of official and private hypocrisy. It will be composed of plain-tea zannies, nizzies, wittings, boobies, jokers—birds candidates for re-election, Chadbands, Pecksniffs, jobbernows, doddards, moon-calves, underpeaths and a few of the Wise Men of Gotham."

Seen around the town: A white whiskered messenger "boy" delivering messages on roller skates. A group of college girls pummeling a male flirt on Broadway. A woman wearing a bonnet made to resemble a steel helmet. A Serbian artist selling newspapers for a living. A dramatic critic admiring his name in electric lights endorsing a play over a Broadway playhouse. A group of weeping stage folk in the lobby of the Cavo waiting for news from the bedside of Anna Held.

WHAT PRUSSIANISM MEANS

The actions of the German armies in Belgium, in Poland and in northern France have blotted the record of humanity.

This policy of Prussianism—this deliberately adopted "frightfulness"—with its aftermath of blood and tears, is one of the great wrongs against which America fights today. The evidence in this case is set forth in an official book just published by the United States government.

A copy of this book will be sent free to any reader of The Dispatch. It is based on the reports of American diplomats and relief workers, on the protests of high church authorities, on official German proclamations, on the field diaries of German soldiers. To secure a copy of this free book send your name and address with a 2-cent stamp for return postage to The Wilmington Dispatch Information Bureau, Frederic J. Haskin, Director, Washington, D. C. Armour's VEGETOLE

Helps You Save Fat for Our Soldiers

Of all foods, none are so important to our Army and our Allies as animal fats—and chief among them is lard.

In using Armour's VEGETOLE for baking and frying, you are practicing both patriotism and thrift. VEGETOLE is a purely vegetable product. It makes meat tempting, light, flaky pie crusts, cakes and biscuits. In frying, by quickly forming a rich, golden brown crust, it permits thorough digestible cooking. As it can be used many times, it is most economical.

You get full value, real dependability in all Armour Oval Label products—meats, fish, fruits, vegetables, condiments, coffee, etc. The prices are reasonable, and the quality, marked by the Oval Label, definitely assured. Ask your dealer.
