The Power Behind Strong Keen Red-Blooded Americans

IRON

"To help make strong, keen, red-blooded Americans there is nothing in my experience which I have found so valuable as organic iron—Nuxated Iron," says Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital, Nuxated Iron often increases the strength and endurance of weak, nervous, run-down people in two weeks' time. It is now being used by over three million people annually, including such men as Hon. Leslie M. Shaw, former Secretary of the Treasury, and ex-Governor of Iowa; former United States Senator Richard Rolland Kenney of Delaware, at present Major of the U. S. Army; General John L. Clem (Retired), the drummer boy of Shiloh, who was sergeant in the U. S. Army when only 12 years of age; also United States Judge G. W. Atkinson of the Court of Claims of Washington and others; Nuxated Iron is dispensed by all good druggists everywhere.

MONKEY RUM CAPTURED IN BEAUFORT COUNTY

Largest Shipment of Cucumbers in Years Goes North From Willet Farm

(Special to The Dispatch.)
New Bern, June 21.—Possibly the largest single shipment of cucumbers made from this section in several years went north from Carteret county yesterday when about 100 barrels, shipped by W. C. Willet from his plantation in Carteret county, passed through New Bern en route to New York.

It is said that the finest cucumbers in the world are grown in eastern North Carolina and those shipped by Mr. Willet were of fine variety and he expects to secure a big price for them in the north.

Joseph Abien, special United States officer, has returned to the city after a visit in Beaufort county, where he, assisted by other officers, made several arrests and also captured a quantity of "monkey rum." The parties in whose possession the rum was found were placed in the jail at Washington.

Mr. Abien, who is making New Bern his headquarters, has been out on the trail of the deserters here of late and has succeeded in rounding up a number of these. His work has been highly praised by government officials.

Members of the local advisory board and the federal appeal agent are again today busily engaged in re-classifying the Craven county registrants and the work is rapidly nearing completion and will be concluded by the latter part of the week, it is believed.

As a whole the registrants are being allowed to remain in the class in which they were first placed and only in very few instances is any change being made.

Jesse H. Davis, one of New Bern's young attorneys, who left this city some weeks ago for Camp Jackson, where he is being trained for service in the United States army, has returned to that place after a short visit in the city.

"I would like to tell every father and mother in Craven county that when their boys go to Camp Jackson they are in the best of hands and receive training which many of them who remain at home do not get. It is a fine place for them," Mr. Davis said.

All of the Craven county boys now at Camp Jackson are getting along nicely, Mr. Davis declared.

After spending a few days in New Bern and the immediate section attending to business matters, Senator F. M. Simmons has returned to Washington to resume his duties.

The senator gave out no interviews while in the city in regard to the war situation further than to say that conditions were by no means alarming and that never before had he seen the public so intent on backing up the government.

H. W. Armstrong, county food administrator, today gives warning to the grocers of New Bern that they must cut down their charges on Irish potatoes.

These potatoes can now be purchased by the grocers at from \$2 to \$3 per barrel and they are charging from \$5 to \$6 per barrel for them.

Mr. Armstrong means to see to it that the price of Irish potatoes to the consumer is lowered and dealers are warned not to charge more than 50 per cent profit on them.

According to statements made today by the local authorities, not a female enemy alien has yet registered in this city, as is required by law and unless those who now reside in New Bern attend to this matter promptly they will be forced to register.

Hon. Z. V. Rawls, candidate for the solicitorship of the fifth judicial district, spent a short time in the city today while en route to Greene county in the interest of his campaign.

FAYETTEVILLE PLANS BIG FOURTH OF JULY

Monster Parade, With Many Patriotic Floats, Will Be Staged at Noon

(Special to The Dispatch.)
Fayetteville, June 21.—Three liberal prizes are offered by the Fourth of July committee of the Cumberland county council of defense for the best floats entered by communities or societies outside of Fayetteville in the parade, which will feature the celebration of the national independence day here.

The program, as given out by Chairman John H. Anderson, outlines a day started with the national salute of 13 guns by "Zeb Vance," the old Confederate cannon. From 10 to 11 a. m. a concert will be rendered by Fayetteville's new brass band from the balcony of the old market house. The parade, which starts at noon and will conclude at 1 p. m., has the following order of march:

From Winslow street down Hay to Gillespie, to court house, counter-march to Person street, to Liberty Point, up Bow street to Green, to Hay, to Burgess to Central school grounds, where the president's address will be read and a short patriotic speech will be made by a speaker to be selected later.

In the parade will be a series of floats representing peace, justice, mercy, liberty, humanity, as well as representations of the allied nations. No comic or commercial floats will be allowed on the streets during the day. An afternoon band concert will be rendered from the balcony of the LaFayette hotel. Beginning at 4:30 o'clock a Red Cross benefit baseball game will be played at the Cape Fear fairgrounds between the "Free Men" and "Henpecked Husbands." A water display and watermelon contest will be held on Market Square at 7 o'clock, while the day will be concluded with dancing on Hay street from 9:30 to midnight, repeating a feature which was such a successful part of the Fourth of July celebration two years ago.
