For
Good for 250 votes when filled out and sent or mailed to the Campaign Department of The Wilmington Dispatch on or before expiration date. Trim carefully and not roll or fold and fasten together and write name on first coupon.

CANDIDATE'S EFFORTS YIELD GOOD RESULTS DURING THIS WEEK

Every Participant Desires to Secure One or More Clubs of Twenty-five Dollars in New or Renewal Subscriptions by 10 P. M. Saturday—More Votes Now Than Ever Again. Send in Every Subscription Today

"MERRILY WE ROL ALONG," that is the slogan of the Dispatch Campaign, and that opinion is reached by observing the activity of all candidates this week and the great extent that subscriptions are rolling in to the Dispatch from practically all sections of the Old North State, and a large section of the Palmetto State. All Candidates Realize. Every candidate seems to realize fully this week the importance of securing every subscription possible and receiving for their efforts a greater amount of extra votes, in fact for the effort that is being displayed by the different participants this week the Dispatch will issue greater special votes also regular votes upon subscriptions secured than any future date of the campaign. In other words the Dispatch is issuing in addition to the regular votes for each \$25.00 secured in new or renewal subscriptions 250,000 extra votes. This is by far the most liberal special vote offer of the Campaign and the different candidates should make the welkin ring with their activity for the next two and one-half days. The special vote offer will positively expire at ten p. m., on Saturday the 29th, and it should be brought home to each candidate fully that now is the time to take advantage of, and secure more votes than will be issued again by the Dispatch for subscriptions secured. It is an old saying but a true one that "A

STITCH IN TIME SAVES NINE," and this is a good way to illustrate the importance of the special vote offer, and each candidate should secure many subscriptions this week, increase her reserve vote to the greatest possible extent, and be in position to build a solid foundation now that possibly would resist the great offensive movement that might be made by some of the different participants at a later date of the Campaign. Vote Standings Again Sunday. The vote standings of the different participants will appear again on Sunday and there will be noticed many changes in the relative standing of many since the publication of names on last Wednesday. The newspaper free vote coupons continue to come in by the thousands for the different candidates, also many nominations are received each day, and within a short time the full list of the participants will be announced, and do not forget to notice the nomination coupon, nominate yourself or some one today because nominations will not be open very long, and now is the accepted time for many young lads to enter the Campaign, and secure an award of a life time wish. Do not forget the importance of securing every subscription possible this week, because it is repeatedly stated more votes are issued now than will be at any future date of the campaign. SO DO IT TODAY.

OVER THE TOP SOCIETY IS FORMED AT MEBANE

(Special to The Dispatch.)
Bingham School, Mebane, N. C., June 28.—A very promising war savings stamp society has been formed in the school named the "Over the Top Society." It was unanimously agreed by the cadets to cut out all smoking and to make other sacrifices, the money saved to be applied to the purchase of thrift stamps. There have been and are strict regulations against smoking, but it has been difficult to eradicate it entirely. This is so true at West Point that the rules against smoking have been abolished. The voluntary agreement of the cadets will be a great help to the "Over the Top Society," and also to the health of the boys. Members of the society own an aggregate of over \$2,500 in war savings stamps. The new plan, recently inaugurated at Bingham, of having a spring, summer and fall term of the school, with one month's holiday in the winter, is already an assured success. In the summer term a goodly number of students have already entered and are making fine progress. The military system and the day and night study halls insure advancement in studies, while the delightful location of the school is a guarantee for a healthful and pleasant time during the summer months. The day of prayer appointed by President Wilson was observed in Mebane and at Bingham school. The cadets of the school were very earnest about the matter. Early in the morning a service was held, consisting of Bible reading, prayer and a talk by Colonel Gray on "The World Crisis and the Solemn Nature of the Day." Upon their own motion the cadets resolved to fast entirely during the day, but this was deemed unwise by the president and modified. Stomach Troubles and Dysentery caused from drinking ice water or from sleeping near an open window should be checked immediately. Get a bottle of GROVE'S BABY BOWEL MEDICINE, a safe and sure remedy for summer diarrhoeas. It is just as effective for adults as for children.—Adv. Thousands are sick every year with some form of bowel complaint. Thousands are cured by taking Dr. Seth Arnold's Balsam. Warranted by J. H. Hardin.

What Tennesse Folks Say ABOUT A NEW DISCOVERY

Many local people are glad to testify to the good results obtained from Anuric, the discovery of Doctor Pierce of the Invalids' Hotel, Buffalo, N. Y., for kidney and bladder disorders, rheumatism, gout, neuritis and all uric acid troubles. This is what Mr. E. W. Bagshaw says: "I have used all the best medical remedies, but I have never found relief. I have used Anuric, and I can truly say that it has done me more good than any remedy I ever used, and I am cured. No one will make a mistake in using any preparation sent out by Dr. Pierce. I have had many years' experience with his Institution and know whereof I speak." When the kidneys are weak or diseased, these natural filters do not cleanse the blood sufficiently, and the poisons are carried to all parts of the body. There follow depression, aches and pains, heaviness, drowsiness, irritability, headaches, chilliness and rheumatism. In some people there are sharp pains in the back and sides, distressing bladder disorders and sometimes obstinate dropsy. The uric acid sometimes forms into gravel or kidney stones. When the uric acid affects the tissues, muscles and joints, it causes lumbago, rheumatism, gout or sciatica. This is the time to try Anuric, double strength, the discovery of Doctor Pierce, for kidney trouble and pains in back and all aches and pains. Write to Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., and send for a large trial package—this will prove to you that Anuric is many times more potent than any other medicine. It cleanses the system and eliminates the uric acid from the system as hot water melts sugar—or ask your druggist now for a bottle of An-u-ric.

WILMINGTON IS JUST ENTERING ON NEW ERA

Greensboro Man Finds "City by Sea" Moving and Doing Things

(From The Greensboro Record.)
"Wilmington is entering upon a new era," said a Greensboro man today who has just returned from there after spending several days visiting the new ship yards. Continuing talking about the big things that are moving there now he remarked that one could not grasp the enormous good that bringing the two shipyards to Wilmington will do for that city. For years it has been a city content with the things they had and not striving to bring new enterprises to the place. Its people were satisfied to go to work late in the morning and quit as early as possible in the afternoon. But now there is a change, and every body seems to have caught the new spirit of things. No Empty Houses. "For instance, there were nearly a thousand empty houses in Wilmington three months ago, but now there is not a home of the desirable kind for rent and thousands of people are moving there. They expect by the end of the summer to have at least thirty thousand more people come there to live and already the housing question is giving them some concern, although they are building new dwellings very rapidly. The Victory Home Building company has recently been organized with a very large capital and backed by the best business men of the place. They contemplate building a great number of homes ranging in prices from twenty-five hundred to four thousand dollars. Most of these new houses will be put near the shipyards. There are fifteen building and loan associations in Wilmington and they are going to be of material help to the city. The class of people who are coming there are of the substantial character, as many of them are expert machinists, carpenters, concrete workers, and employers who will receive large salaries. Bigness of Things. "One cannot grasp the bigness of things that they are going to do down there until the plants are visited. At present the two shipyards, the Carolina Shipbuilding corporation, and the Liberty Shipbuilding company have thousands of men at work cleaning up grounds, making concrete roads, building railroads into yards, and the different ship ways. The Carolina company have their plant about five miles below Wilmington and will build 16 ways for ships. Already two of them are nearly done. They have constructed numerous buildings which are built for future years and they contemplate spending five million dollars in equipment before they lay their first keel. They will build steel ships entirely and will start building their first ship July seventh. They expect to employ eight thousand workmen, while the other ship yard will employ four thousand men and build concrete ships exclusively. Locations Are Ideal. The location for the two plants are ideal and the country and government are building concrete and brick roads to all the plants and expect to have

these roads completed in two or three weeks. The street car people have already completed their line almost to the plants, so that the workmen will have little trouble getting to their work. Aside from the street car line, gas launches will run down the river landing near each plant. That Wilmington will be the first city of the state from now on is without question and from the looks of the work the government is doing and contemplating, that city is destined to be the largest for years to come. The citizens have at last caught the vision and will follow it without question."

National War Savings Day.

Washington, D. C., June 28.—This is the day! The day when every loyal citizen of the United States should pledge to do his or her mite in helping Uncle Sam to finance the great war for freedom and democracy. The President has proclaimed the day as National War Savings Day. The Nation is spending millions of dollars every day in its determination to make the world a safe place for the present and future generations of Americans and their allies. Under these circumstances it is essential, as the secretary of the treasury points out in his official announcement of national war savings day, that the American people should economize and save in order to make available to their government the money indispensably needed for the war.

No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion and act as a general strengthening tonic to the whole system. Nature will then throw off or dispel the worms and the child will be in perfect health. Pleasant to take. 60c per bottle.—Adv.

Sequel To Love For Doll

Material Fastness Greatly Developed by Teaching Children to Love their Dolls.

The little child's doll is mother to the most romantic fairy. And in the years that pass, the doll fades into the petals of a June rose, to evolve the most wondrous of all transformations. And now comes a more serious period when the joy of real motherhood should be as transient as best efforts can provide. This is accomplished with a wonderful remedy known as Mother's Friend. An external application so penetrating in its nature as to thoroughly lubricate the myriad network of cords, tendons, nerves and muscles just beneath the skin of the abdomen. It relieves the tension, prevents tenderness and pain at the crisis and enables the abdomen to expand gently. The muscles contract naturally after baby arrives and the form is thus preserved. It should be applied daily, night and morning, during the period of expectancy. By regular use it enables the abdomen to expand without the usual strain when baby is born. Naturally, pain and danger at the crisis is less. You will find Mother's Friend on sale at every drug store. It is prepared only by the Bradford Regulator, Lamar, Blag., Atlanta, Ga. They will send you an instructive "Motherhood Book" without charge. Write them to mail it to you. Do not neglect for a single morning or night to use Mother's Friend. Obtain a bottle from your druggist today by all means, and thus fortify yourself against pain and discomfort.

REMOVES ONLY BEAUTY DEFECT

A Denver society matron, who is much sought after to pose for artists when she goes east each year, has overcome the only defect in the abundant beauty bestowed upon her by generous nature. For years she was greatly distressed because her hair was streaked, yet she persistently refused to use dyes of any description. Finally she was induced by a New York artist to try Q-Ban Hair Color Restorer. After a few weeks' treatment the gray streaks disappeared entirely, and her hair took on a uniform dark, natural color. "It is perfectly wonderful," she declared, "and I advise all of my friends to use Q-Ban."

DOCTORS SAY CALOMEL IS BEST MEDICINE

According to the world's greatest physicians and medical experts, calomel is the best and most universally useful of all medicines. Medical authorities prescribe calomel for almost every disease and explain that it is the best and surest of all systems purifiers, the liver, stomach, bowels, and kidneys and purifies the blood from all poisons, making the system pure and clean so that nature can quickly restore the health. Now that science has purified calomel of all its nauseating and dangerous qualities, the new kind of calomel, called "Calotabs," is even more popular than the old. As a cathartic, it is more effective than the old style calomel, yet are entirely delightful in effect. One Calotab at bedtime, with a swallow of water—there is no nausea nor the slightest unpleasantness. Next morning you awake feeling fine, with a hearty appetite for breakfast. Eat what you please and go where you please—there is no restriction of habit or diet. Calotabs are sold only in original sealed packages, price thirty-five cents. Your druggist recommends and guarantees Calotabs, and will be lighted with them—Adv. To secure and these coupons with you.

MORTGAGE SALE
By virtue of the power of sale contained in a certain mortgage deed made by L. D. Dinkins, of Wilmington, N. C., to W. M. Cumming, bearing date of March 12, 1916, and duly registered in the records of New Hanover county in book 385, page 324, the undersigned will sell at public auction to the highest bidder, at 12 o'clock on Friday, July 27th, 1918, at 12 o'clock on the following described property in the city of Wilmington, N. C.: Beginning at the intersection of the eastern line of Ninth street at a point 69 feet north of the northern line of Castle street, and running thence north along the line of Ninth street 30 feet; thence east parallel with Castle street, 31 feet; thence south, parallel with Ninth street, 100 feet to the point of beginning in the eastern line of Ninth street, the same as the present official plan of the said city of Wilmington, N. C. W. M. CUMMING.
