SHELL HOLES IN PORT ARTHUR BANK.

SOME idea of what a shell does to a modern building may be gained from the accompanying picture of one corner of the Russo-Chinese bank in Port Arthur. During the siege the bank was struck twice in the same corner by Japanese projectiles, and the larger of the two apertures made in the brick wall was seven feet high by about five feet broad. During the siege the hospitals were struck repeatedly, and a number of sick and wounded men were killed in their cots. The Japanese declared that bombarding hospitals was not their intention, but that after their big guns had been fired many times their accuracy was impaired and the offending shells fell short of the real marks aimed at. Many of Port Arthur's noncombatants lived in caves, but even here the shells at times searched them out and killed them.

Brigadier General Oswald H. Ernst, who has been appointed to the reorganized isthmian canal commission, was first designated a member of the canal board in 1899 by President McKinley. He has spent his life in study of engineering problems and has been identified with some extensive works of this character. General Ernst was born in Cincinnati

BRIGADIER GENERAL O. H. ERNST.

in 1842. He was at Harvard university for two years, but left there to enter the West Point Military academy, where he graduated in 1864 as first lieutenant in the engineer corps. He saw active service in the Atlanta campaign of that year and afterward served as assistant engineer on fortifications of the Pacific coast. He was astronomer with the United States commission to observe the solar eclipse in Spain in 1870 and has been superintendent of West Point academy and engineer in charge of numerous river and harbor improvements throughout the country. In 1898 he served with credit in the Spanish war, participating in the campaign in Porto Rico.

YAGER'S CREAM CHLOROFORM LINIMENT

THIS LINIMENT KILLS PAIN—AND SHOULD BE FOUND IN EVERY HOME AND STABLE CURB AND SCRATCHES. CURES SWEET AND RHEUMATISM.

J. Arthur Brubeck of Simson, Va., writes: I have tried it, and find YAGER'S LINIMENT the best I ever used. One of his horses had a curb and it removed it entirely, and it is also a sure cure for scratches, and many other ailments he has used it for, he says it is the best of all liniments and recommends it.

A PAINFUL BRUISE.

Mr. W. E. Bruner of Richmond, Va., writes: I had been troubled with a severe bruise, which he got from riding a horse bareback and could not cure it, a friend recommended YAGER'S LINIMENT, one application relieved him, and less than a bottle cured it entirely, he says it is the best liniment he ever used.

Mr. Thos. G. Price, stockman for the Monongah Coal and Coke Co., Monongah, W. Va., writes:—They use 125 to 150 horses and mules, and have used YAGER'S LINIMENT in their stables for years past, and it has never failed to cure. For several months a veterinary worked on a horse with a severe case of sweet with no results, when three bottles of YAGER'S LINIMENT cured it. Mr. Price was laid up for eleven months with rheumatism, seven months in bed; two bottles of YAGER'S LINIMENT put him on his feet.

When you need a liniment buy YAGER'S and you get the best—keep a bottle in your home and stable, it will be the best investment you ever made.—Have it ready for emergencies.

TAKE NO SUBSTITUTE—ALL MERCHANTS AND DRUGGISTS SELL IT—LARGE BOTTLES, 25 CTS.
