Announcement Of the Boarding Department Effective June 1, 1932

FALL TERM OPENS FOURTH MONDAY IN AUGUST, 1932

SPRING TERM OPENS FIRST MONDAY IN JANUARY, 1933

I. PURPOSE

This is a special type of school for boys and girls of the mountain region who need a place where they can pay part of their expenses with their work and obtain the kind of education and training that will best fit them for the lives they are to live.

II. REQUIREMENTS FOR ADMISSION

Candidates for admission must be apt to learn, willing to work, of sound health, not under 15 years of age, and must have completed the 7th grade of a grammar school.

After June 1, 1932, no boarding student will be admitted without paying an entrance fee of \$10 and an incidental fee of \$5, half at the opening of each term, before being enrolled.

III. PLAN OF OPERATION

All students devote four days of each week to books and two days to work during the scholastic session of nine months. The plan requires a large corps of teachers. Individual attention is given each student in a three-part system of book-learning, industrial training, and development of personality and Christian character.

This three-fold education is brought within the reach of boys and girls of limited means and earnest purpose who, in addition to the entrance fee of \$10 and the incidental fee of \$5, can meet their share of the cost with money and work on one of the following plans:

- 1. By paying \$100 in money, half on the first day of each term, without any work in the summer.
2. By paying \$75 in money, half on the first day of each term, with three weeks of work in the summer valued at \$25.
3. By paying \$50 in money, half on the first day of each term, with six weeks of work in the summer valued at \$50.
4. By paying \$25 in money, half on the first day of each term, with nine weeks of work in the summer valued at \$75.
5. By paying \$15 in money for entrance and incidental fees, with twelve weeks of work in the summer valued at \$100.

Only a limited number of students will be admitted under plan Number 5. All payments of work required in vacation must be made before the opening of the term for which the student enters.

The School has to raise \$200 per year from outside sources for each boarding student. Admission is accordingly limited to the number of students that can be accommodated.

Applications are now being received and placed on file. The list of students accepted will be closed on the first day of August. For the form of application and other information, write or apply in person to

Side Dress ... Speed up your crop

GIVE your corn and truck crops a good side-dressing with Chilean Nitrate of Soda... the natural nitrate fertilizer. It takes hold at once. Speeds up the crop. Helps you get the better prices that early crops usually bring. This year of all years, when every penny you spend on producing your crop must do extra work, make every acre make good. The surest way to a good crop is to side-dress with Chilean Nitrate of Soda. A small application per acre will do the trick for this one year—say half or two-thirds the usual application. Remember—it is important to say Chilean when you order your nitrate. Nothing takes its place! Your dealer has Chilean Nitrate in stock or can get it for you quickly.
