**"I NO LONGER HAVE TO TAKE LAXATIVES OF ANY KIND.... SARGON SOFT MASS PILLS HAVE ENTIRELY FREED ME OF CONSTIPATION"**

The commonest curse of mankind is constipation. It poisons us, breaks down youthful strength and vigor, ages us prematurely, and leaves us an easy victim of countless diseases. Millions are slaves to the laxative habit. The effect of ordinary cathartics is only temporary; they weaken bowel action and lose their effect. The more we take the more we have to take.

**A New Discovery**  
Bile, prepared by the liver, is Nature's great weapon against constipation. It is a natural laxative, antiseptic and antifer. Bile is also a digestant without which sound digestion is impossible. Until the discovery of Sargon Soft Mass Pills, we have been blasting out the intestines with cathartics and purges, believing that they stimulated the liver. Science now knows that calomel, salts, oils and other ordinary laxative drugs have no effect whatever on the liver. Sargon Soft Mass Pills contain an amazing substance which highest medical authorities agree is the only effective stimulant to the bile pro-

ducing activity of the liver known as Matera Medica. Unlike ordinary cathartics, this substance does not shock or upset the system. It does its work by gently stimulating the liver to cleanse itself by increasing its production of bile—a more natural and thorough laxative than can ever be devised by man. Sargon Soft Mass Pills are not like any laxative you have ever taken. They are so gentle and thorough in their action that there is nothing about them to remind you that you have ever taken a medicine, and most remarkable of all, their directions call for a gradual reduction of the dose until the point is reached where you no longer require a laxative of any kind. This remarkable medicine may be obtained from
