The 1934 session will meet in Sylvania. Among the many addresses was that by Mrs. Eller, from the Baptist church (white) of Franklin, on missions, its meaning, scope and effect, who with her poise, grace, logic and familiarity held the vast audience spell bound for 40 minutes. This family together with your own cold cooked meats is more than willing and able to help you plan quick and easy meals for hot days. Cook your roasts on cool days and be ready for the sure to follow hot ones. In the ready-to-eat-sausage family are the various ham, beef and tongue bolognas, liverwurst, luncheon specialties and the dry sausages, cervelat (with no garlic) and salami (with garlic). Other well-known members of the family are head cheese and blood sausage. Boiled, baked and spiced sliced ham are also economical ready-to-eat meats.

Jellies and preserves are delicious with cold plates. Use them and peanut butter for the children's sandwiches.

Peaches, plums and cantaloupes are good and reasonable this week

BUY YOUR COAL NOW And Save Money

I have ordered 20 carloads of coal and will be ready to start delivering the latter part of next week. Coal prices are going up—in fact, they have increased 65 cents a ton in the past ten days and all indications point to still further increases... The wise man will buy his winter's supply of coal NOW.

In order to get coal at the lowest possible price, I have to pay cash on delivery. In view of this, it will be necessary for me to require cash from my customers. This policy will apply to all, but it will enable me to sell at the most reasonable prices.
