MRS. ANN PATTON ENTERTAINS AT CAMP

Mrs. Ann Patton entertained the guests of Mrs. Maggie Slagle's house party of last summer at Camp Tankeeta on Tuesday of last week with a spend-the-day party. The spacious lodge room was decorated with the purple and gold of the early autumn flowers. The ladies gathered in the afternoon to study further "The Mystery of the Great Pyramids" that was begun last summer at the house party.

Luncheon was served in the large dining hall and those seated around the bountiful table were Mrs. Ann Patton, Mrs. E. J. Siler, Mrs. Mary Allman, Mrs. Robert Patton, Miss Olivia Patton, Mrs. Maggie Slagle, Mrs. Bettie Waldron, Mrs. Maggie Cunningham, Mrs. E. K. Cunningham, Mrs. Callahan. Those unable to attend the party were Mrs. Sam Rogers, Mrs. Hayne Arthur, Mrs. W. W. Sloan, Mrs. Setser and Mrs. Tom Slagle. These members of the house party plan to entertain each other from time to time, keeping alive the memory of the very enjoyable time spent together last year at "The Arboretum." But there will not be another place where such a magnificent view can be enjoyed as was the lovely panorama of mountains, valleys, stream and fields, topped with a wonderful cloud effect, that was viewed from the lodge porch on the sloping hillside at Tankeeta. Mrs. Patton ordered a rainbow hung across the valley, the entire arch showing up for her guests as they parted after a most enjoyable day.

SUNDAY DINNER SUGGESTIONS

THE newcomers to the market this week are Idaho baking potatoes, cranberries, and Canadian rutabagas; those sweet yellow turnips. Several of the summer vegetables still linger though their season is growing short. Cauliflower is a popular vegetable as the weather grows cooler and is quickly prepared. A favorite sauce for this vegetable is Moeck Hollandaise, a rich white sauce to which the yolk of an egg and some lemon juice has been added. Onions, sweet and white potatoes are economical and of excellent quality.

The early fall fruits include Concord, Malaga and Tokay grapes, Italian plums and pears. Most of these are good for preserving as well as for eating. Honeydew melons are the best of their family at this season. Small Valencia oranges are economical and are a satisfying addition to fruit gelatins.

NOTICE! TO TAXPAYERS

Under a Court Order signed by Judge Felix E. Alley, on September 1, 1933, the undersigned Tax Collector was ordered to proceed on the 1st Monday in October, 1933, to advertise all property in Macon County on which the taxes for the year 1932 are not paid on said date. This means that I will be forced to begin advertising the property immediately after the 1st Monday in October, 1933, and same will be sold on the 1st Monday in November, 1933. Let me urge that all taxpayers owing taxes for the year 1932 make every effort possible to pay same between now and the 1st Monday in October, as it will not only save the taxpayers additional cost, but will save me the embarrassment of being forced to advertise the property of my friends.

I know that it is very hard for taxpayers to raise money with which to pay their taxes, but I believe that the list submitted to the paper for advertisement will be very small if the matter of attempting to raise the money with which to pay taxes is not put off until the last moment. Please give this notice as much publicity as possible among your neighbors and friends so that everyone may know what I must do under the above mentioned Court order.

This September 6, 1933.
