## Historical Data Sought For Museum by Mrs. Siler

Well organized efforts are under way for the establishment of a museum in the Smoky Mountain National Park.

Western North Carolina counties are each represented by one or more persons on the various committees of the museum organization.

Dean Bird of Western Carolina Teachers college, Cullowhee, is general chairman; G. W. McCoy, of Asheville, is general secretary. Mrs. F. L. Siler, of Franklin, represents Macon county and has been placed on both the historical and arts and crafts committees.

The general secretary has requested Mrs. Siler to furnish a copy of the Siler family record for the historical committee. She is also to write an article on Jesse Siler, for whom Siler's Bald in the Smokies is named.

For the arts and crafts department, Mrs. Siler is anxious to collect any handmade household utensils or pieces of early handmade furniture. Any relic of any kind of the Cherokee Indians also will be gladly accepted.

For the historical committee old letters, books, or written notes of any kind referring to the early settlement of Macon county, are wanted. Any individuals who can tell Mrs. Siler of any unwritten incidents pertaining to Western

North Carolina are requested to get in touch with her, as she is anxious to obtain all available information relating to the history of this section.

Anything for the museum is either donated or loaned and will bear the giver's name and a short history of the article. Until the museum is erected the contributions are to be stored in the Tuckasegee Bank in Sylva and the Arcade building in Asheville.
