Clay County Boy Wins 4-H Corn Championship

The state 4-H corn club championship for 1934 has been awarded to Charles Galloway, 14-year-old Clay county boy, it was announced by L. R. Harrill, club leader at State college.

He grew 137 bushels of Holcomb's Prolific corn on one acre of land at a cost of 22 cents a bushel.

As state champion, Galloway has been given a one-year scholarship to State college by a fertilizer company. He won in competition with more than 1,200 corn club members who used 100 pounds of nitrate of soda as a top dresser for an acre of corn.

The total production cost was \$30.15 and the corn was valued at \$1 a bushel, which gave him a net profit of \$106.85. Galloway figured his cost for labor at \$17.35, use of team \$6.30, fertilizer \$7.15, and 65 cents for seed.

He broke the land to a depth of 10 inches. On April 28 he planted a high grade of Holcomb's Prolific seed. The crop was fertilized with 400 pounds of a 4-8-4 mixture and top dressed with 100 pounds of nitrate of soda.
