Avoids Crash

Pilot's Skill Prevents Plane Crack-Up

Joe Musleh proved himself a good pilot Sunday, landing his plane on one wheel at Thomas Field and thereby avoiding what might have been a serious mishap.

Musleh, who brought his three-passenger Eaglerock plane to Franklin last Friday, was kept busy Saturday and Sunday carrying passengers. About the middle of the afternoon Sunday something went wrong with the plane's landing gear. The pilot didn't know it until he landed; but he quickly realized it then and managed his ship so well, rolling along on one wheel, that he avoided a crack-up. Later it was discovered that one of the landing gear supports had broken, due to a flaw in the metal. This was quickly repaired and Musleh continued flying.

The flyer announced Tuesday that he had decided to remain here another week.

Charles O'Dell, another commercial flier who planned to bring his plane here last week-end, flew over the town but, after looking over a field he had rented, decided not to land.

Ed Kerr, Watauga, Dies Tuesday Afternoon

Ed Kerr, 65, died at his home on Watauga Tuesday afternoon. Funeral services were conducted at the Watauga Baptist church Wednesday afternoon by the Rev. George Cloer, assisted by the Rev. Eugene R. Eller, pastor of the Franklin Baptist church.

Mr. Kerr, suffering from cancer, had been in poor health for a number of years. He was a member of the Franklin Baptist church, coming here from Mecklenburg county several years ago.

Surviving him is his widow and a brother in Gastonia.

Virginia Chickens May Bear Tattoo Marks

In an attempt to foil chicken thieves, poultry raisers of Virginia decided at their last meeting to experiment with tattoo marks on the fowls.

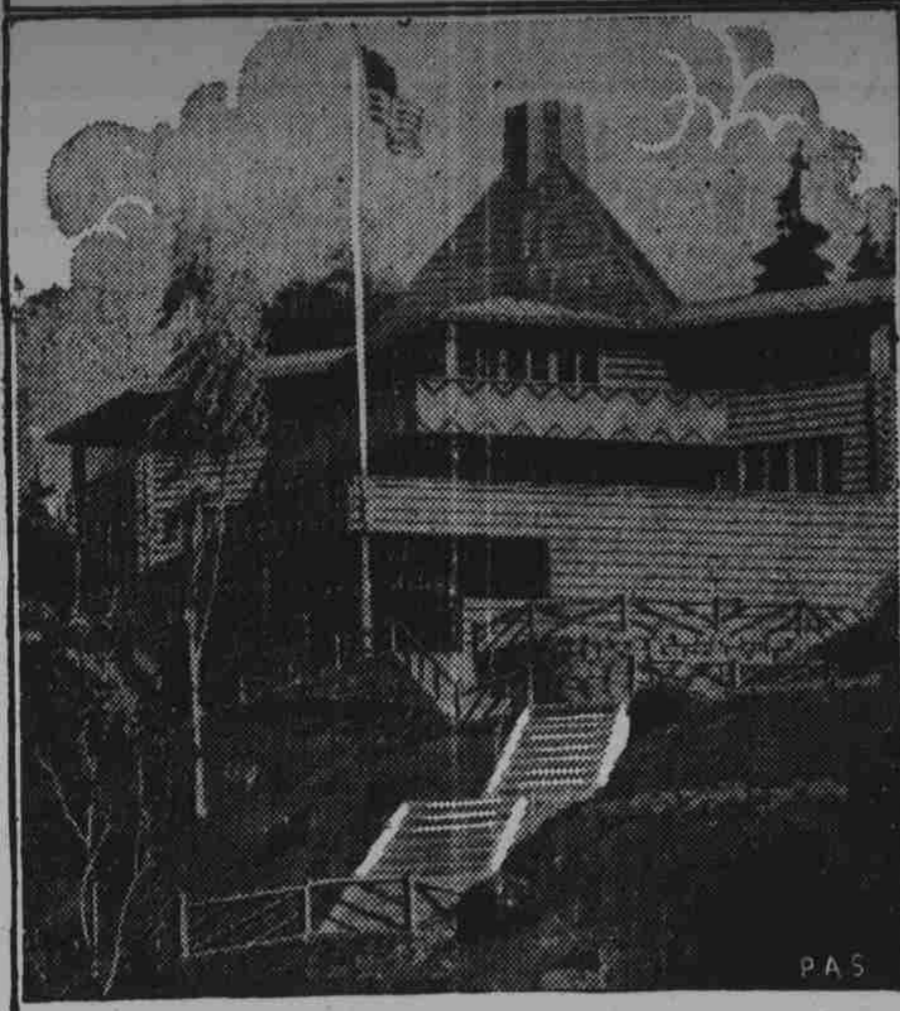

The plan calls for a nation wide tattooing of all chickens. The mark is put in the web of the wing with an instrument similar to a pair of pliers. The 10,000 chickens stolen in the Roanoke area this year were valued at \$7,000.

To Speed Up Big Ships

The name "fathometer" has been given to an instrument which makes it possible to drive a ship at full speed safely.

Black Widow Spider Vanquishes Foes

A black widow spider in the Mobile jail attracted so much attention that deputies were called to keep the crowds in order.

Battling Helen, as she is called, has already vanquished two roaches, four bumble bees, four house spiders, and a pair of wasps, and at present a giant swamp spider and a baby tarantula are engaging her attention. But all bets are on Helen. She kills her victims, then eats them.

RALEIGH—No certificates for the employment of children have been issued in larger textile mills in North Carolina since the NRA went out of effect, and only 15 individual certificates have been issued for smaller village mills, the state department of labor has reported.

RALEIGH—Dr. Ralph McDonald, Representative from Forsyth, has asked Governor Ehringhaus to earmark \$230,000 of the \$500,000 contingency and emergency fund to guarantee every teacher in the State a 20 per cent increase in salary, over and above earned increments.
