## Keno Party

### Proves Big Success With Attendance of 140

BY MILTON SANDERS

In spite of bad weather, the keno party sponsored by the junior class of the Franklin high school was held last Friday night with Lady Luck on hand to preside. A careful estimate was that at least 140 people attended. Mrs. Helen Macon, faculty member who assisted the juniors in arranging the party, said that the proceeds, amounting to approximately \$40, would be used to help defray expenses of the annual junior-senior banquet.

Joy and good cheer accompanied everyone at the party, especially those who were lucky enough to win one or more of the more than 100 prizes. Lady Luck played some of her usual pranks. Mrs. Harry Higgins, the proud winner of a sack of potatoes, "kenoed" a second time and, as she went forward, she remarked she would like to have something besides potatoes for a second prize. But, as chance would have it, spuds it was a second time. Friends of the Rev. B. W. Lefler should not be surprised if he announces his candidacy for governor, as he was the winner of a large box of vote-getting cigars.

G. L. Houk, school principal, called the numbers and changed the rules of play from time to time as necessary.

As yet arrangements have not been made for "swapping" between the young men who won dainty collar and cuff sets and

young ladies who won neckties.

Among other numerous prizes given were eggs, chickens, trays, pitchers, flour, apples, candy, show tickets, Sunday dinners, free laundry services and automobile wash and grease jobs.
