HAVE NARROW ESCAPE IN MOTOR CRASH

HIGHLANDS, June 24.—Ted Webb and Furman Vinson narrowly escaped serious injury in a truck and bus collision here Sunday night. The wreck occurred at the intersection of First street and Highway 28, where Mr. Vinson drove his pick-up truck, in which he and Mr. Webb were hastening to the home of a sick relative. The pick-up was struck about midway on the side with enough force to sling it off the highway into the ditch on the opposite side. Ted Webb, whose arm crashed through the windshield, was thrown clear of the pick-up as it landed in the ditch. The truck was badly damaged, and the bus was forced to remain at the scene of the wreck until repairs sufficient to warrant its removal were made. Both occupants of the pick-up were very much shaken up, and sustained painful cuts and bruises, but were otherwise uninjured. Occupants of the bus were not hurt except for being shaken badly.

MAJ. BOWES APPRECIATIVE OF MOSS PICTURE

The Rev. Frank Bloxham, secretary of the Highlands chamber of commerce, recently received a letter from Major Edwin Bowes, conductor of the Sunday night amateur hour on the radio, extending his appreciation for the moss picture made by J. J. Smith, of Highlands, and sent to the major by the chamber on the occasion of his Asheville and Western North Carolina program several weeks ago. Major Bowes said he was placing the picture in a prominent place in his collection. Mr. Smith's pictures, made of moss and pieces of bark, have attracted wide attention.

CHURCH PLANS KENO PARTY AND BAZAAR

Among summer social activities planned by the Episcopal church here are a keno party and bazaar to be held in July and August, respectively. The exact dates will be announced later. Proceeds from these affairs will be used toward buying a furnace for the new rectory.

Mrs. R. H. Reese and daughter, of Asheville, are visiting Mrs. Reese's parents, Mr. and Mrs. E. S. Hunnicutt, for several days.

Mr. and Mrs. L. O. Cope and Mrs. J. C. Roper spent the weekend visiting friends and relatives in Asheville and Hendersonville.

George and Charles Hunnicutt returned to their home in Franklin Saturday after a visit with their sister, Mrs. Reese, in Asheville, where they attended the rhododendron festival.

Butter Storage Small; Higher Prices Likely

Higher prices for butter and cheese are in prospect for this summer, the bureau of agricultural economics announced this week.

Stocks of butter in storage on June 1 were the smallest in about 10 years. Only unfavorable weather, which might affect pastures adversely, will prevent a relatively large volume of milk production this summer, the bureau said. Prices of butter and cheese have been going up recently and they may average considerably higher this summer than last, the bureau added.

Milk production per cow on June 1, averaging 16.99 pounds, was the largest for that date since 1931. The increase more than offset a decrease of about 2 per cent in the number of cows compared with a year ago. The net result was that total milk production on June 1 was 1 to 2 per cent more than in 1935, and the second largest on record for that date.

Milk production per cow everywhere, except in the south, was larger on June 1 than the 1925-29 average. Production declined in the south on account of unusually poor pastures.

The bureau said that prices of butter have "probably reached the seasonal low for this year."

Olivers to Celebrate 50th Wedding Anniversary

Mr. and Mrs. J. M. Oliver will celebrate their golden wedding anniversary at their home, Dillard, Ga., Route 1, July 4, and they have invited all of their friends to visit them and bring picnic lunches.
