

No Green Light for Him
 Is your wife still the light of your life?" the last June's groom was asked.
 "Er-r, yes" he sighed, "but she's shed out a red light that stops every time I want to go places." Cincinnati Enquirer.

Chevrolet Sales Break All-Time Record

W. E. Holler, vice president and general sales manager of Chevrolet Motor Co., announced that on June 12, the company's sales this year had surpassed 528,964 units, a figure that has stood since 1928 as the company's all-time record for the entire first half of any year. By the end of June, said Mr. Holler, 1936 sales will have exceeded any previous record for the first six months by approximately 80,000 units.

Sales in the first half of last year were 436,669, a total that was passed this year before May 10. This figure will be exceeded by 50 per cent, it is estimated, during the same period this year.

RAINFALL 30 PER CENT OFF IN MAY AND JUNE

Rainfall for June was 2.44 inches; for May, .78 inches. For the two months the total is about 30 per cent of the normal rainfall for the Franklin area. This station was established Jan. 1, 1934. The records available do not cover a long enough period to enable us to estimate an approximately correct average for these months. It is believed to be as much as 4.5 inches each for May and June.

CONDUCTING SUNDAY SCHOOL CAMPAIGN

Rev. Mr. Wilson is conducting a Sunday school campaign at Ridgecrest church this week. For a small country church Ridgecrest has a good Sunday school, with a goodly number of active, earnest workers. It is hoped that a campaign of this kind may add to the enrollment and increase the interest generally. Ridgecrest also has a live B. Y. P. U. Members of this organization gave an interesting program at Holly Springs church on Sunday night of last week.

We'll let you hear when we all can decide to have it, and will be sure next time everybody is suited before we publish any more notices.

COMMUNITY DAY PROVES BIG SUCCESS

Community Day at Maple Springs was a grand success. We all went over on a two horse wagon and some of our city friends seemed delighted to know that horses could really pull a wagon and had four feet.

We had some good speaking by our county superintendent, M. D. Billings, and Dr. Hunter, president of Western Carolina Teachers College, Cullowhee.

Mrs. Della Day, our supervisor, also gave an interesting talk.

String music was enjoyed in the afternoon. Lots of good food was spread in the grove and didn't stay spread long until it was eaten. We were delighted to have Dr. and Mrs. Hunter with us and appreciated their interest.

PRAYING FOR RAIN

Everybody is praying for rain, which we hope will soon come.
