AN OPEN LETTER TO THE PEOPLE OF MACON COUNTY

AS we prepare to move into our new home—the former Joines Building, which is being remodeled for our occupancy—we wish to express our appreciation to the good people of Macon County for their business. For 13 years we have served you and we want to extend you our hearty thanks for the way you have stood by us.

What we have enjoyed of success we attribute to the support the public has given us, support which inspires us always to struggle toward rendering better service. At all times we have tried to give you the very best service and merchandise possible for the money. In the past we have had to pay high rents, but now the time has come when we will soon move into our own building, where we hope to give you even better merchandise and service for less money. Would you like to have a part in making this the largest store of its kind in Western North Carolina, a store that will be an outstanding credit to our community? If so, give us the opportunity to continue serving you, and we assure you that we will do our part to bring about this realization.

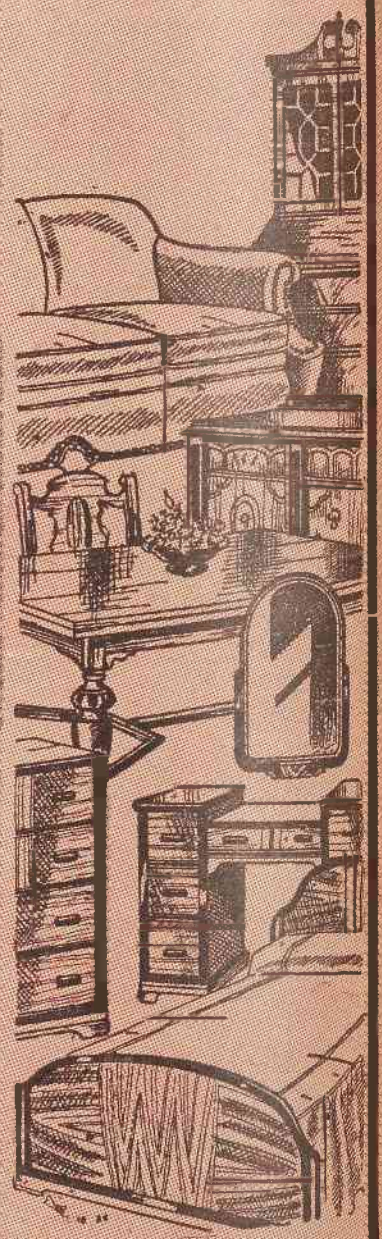

We had hoped to occupy our new quarters before the Christmas season, but this will be impossible. It probably will be January 1 before it will be ready. We wish to state, however, that we are carrying a full stock of furniture, radios and household furnishings in our present store—the largest stock of goods we have ever had at one time.

This Christmas, more than before, people will turn to furniture for gifts. For nothing is more appreciated than a piece of good furniture, something that is useful and beautiful, something that will bring joy and happiness for many years to come. We have anticipated this and have stocked a wide range of pieces suitable for gift purposes which we are offering at popular prices.

We invite you, one and all, to visit our store and look over our lines. Remember, there are only 30 more shopping days before Christmas. Don't wait until the last minute; come now and make your selections!
