It is pointed out that this is a mighty big country and it would be unusual for one forecast to cover the entire country. Sometimes it is cold in the west and warm in the east, and sometimes it is just the other way around. Then, again, it may be wet in

months of idleness he died.

The second story had been told to Barron by a noted surgeon. A woman, taken to the hospital for a slight operation, died almost before the anesthetic was applied. The surgeon could not understand it.

I believe that is true—that those who want to live; that when interest ceases, the heart stops. None of us can escape the process of decay, but there are many things I want to learn, so many places I want to see, that I hope to fool the
