## Greatest Hymn in the World

The following "greatest hymn in Christendom" follows the crowning of the King in the coronation service of the Church of England.

The words were sung to the magnificent music heard over radio Wednesday morning immediately after the crown was placed on the head of George VI.

### TE DEUM LAUDAMUS

We praise thee, O God: we acknowledge thee to be the Lord.  
All the earth doth worship thee: the Father everlasting.

To thee all Angels cry aloud: the Heavens, and all the Powers therein;

To thee Cherubim and Seraphim: continually do cry,  
Holy, Holy, Holy: Lord God of Sabaoth;

Heaven and earth are full of the Majesty: of thy glory.  
The glorious company of the Apostles: praise thee.

The goodly fellowship of the Prophets: praise thee.

The noble army of Martyrs: praise thee.

The holy Church throughout all the world: doth acknowledge thee;

The Father: of an infinite Majesty;

Thine adorable, true: and only Son;

Also the Holy Ghost: the Comforter.

Thou art the King of Glory: O Christ.

Thou art the everlasting Son: of the Father.

When thou tookest upon thee to deliver man: thou didst humble thyself to be born of a Virgin.

When thou hadst overcome the sharpness of death: thou didst open the Kingdom of Heaven to all believers.

Thou sittest at the right hand of God: in the glory of the Father.

We believe that thou shalt come: to be our Judge.

We therefore pray thee, help thy servants: whom thou hast redeemed with thy precious blood.

Make them to be numbered with thy Saints: in glory everlasting.

O Lord, save thy people: and bless thine heritage.

Govern them: and lift them up for ever.

Day by day: we magnify thee;

And we worship thy Name: ever, world without end.

Vouchsafe, O Lord: to keep us this day without sin.

O Lord, have mercy upon us: have mercy upon us.

O Lord, let thy mercy be upon us: as our trust is in thee.

O Lord, in thee have I trusted: let me never be confounded.

## Chamber of Commerce Directors Met Last Monday

### Committee Secures 31 Members; Mrs. Cabe Named Secretary

The directors of the Franklin chamber of commerce met Monday night and gave consideration to several important matters.

The membership committee reported that 31 members had been secured and the sum of \$450 collected.

A committee was appointed to draft a folder or booklet setting forth the advantages of Franklin and to make arrangements for its printing and distribution. T. W. Angel, Jr., and R. V. Miles are the members of this committee.

It was decided to send R. A. Patton and Miss Lassie Kelly to Raleigh to join with representatives from other counties in this section in urging the state highway commission to take up with the federal government the matter of completing the Blue Ridge Parkway as originally located, instead of stopping it at Asheville as is now planned.

Mr. Patton and Miss Kelly were also to appear before the committee which is handling the \$250,000 advertising fund appropriated by the general assembly, and endeavor to get as large a proportion as possible of the fund allocated to this section.

The matter of a secretary for the chamber of commerce was taken up at the meeting, and it was decided to employ Mrs. Carl P. Cabe, business manager of The Franklin Press, to handle the secretarial work and to make her office headquarters for the organization.

She is survived by her parents, Mr. and Mrs. Everett Bradley, of Etna; four brothers, Carl and Verlin, of Claremont, Calif.; Troy, of Winston-Salem, and Ralph, of Etna; five sisters, Mrs. Frank Gibson, of West's Mill; Miss Grace Bradley, of Winston-Salem; Annie Byrd, Eva Nell and Betty Bradley, of Etna.

Verlin, her twin brother, flew from California and arrived here Monday afternoon to attend the funeral.

## Forest Fires

### Decrease on Forest Lands In North Carolina

Recent rains and better cooperation of the public have been largely responsible for the decrease of forest fires on national forest lands in North Carolina during the past several months, as compared with the same period of last year, it was pointed out by Joseph C. Kircher, regional forester, U. S. forest service.

Each man will have a lady assigned to him as a partner and it will be up to the men to do all the driving and approaching and make all shots necessary to put the ball on the green and from then until it finally reposes in the cup it will be up to the ladies. In other words, the men will do the heavy work while the fair sex look on with admiring eye, but when the delicate and final touch of putting is required, the ladies will step up and make their presence felt with a delicate twist of the wrist.

Each man will be given a handicap, thus making an equal chance for each couple to win. The men will require as many clubs as they happen to own, while the ladies will only want a putter, or if they prefer they can use their partners' putters.

The men are requested to leave their eating tobacco at home and to refrain from over indulgence of adjectives if they miss their approach shot, or their drives goes crashing into the pines. It is agreed that many a shot will be missed because of looking up, or rather not keeping their eye on the ball.

Those who do not play golf are invited to attend and see for themselves how this old and ancient Scotch game is played.

Singing Convention  
And Memorial Services

The regular monthly singing convention, northern division, will meet at the Snow Hill Methodist church Sunday, May 16, at 10 o'clock, announced R. D. West this week.

Memorial services will be held at this time. George B. Patton will make an address at 11 o'clock. There will also be short talks made by Mrs. P. F. Callahan and others.

All singers are invited to attend these services. Lunch will be served on the grounds. Everyone come and bring a basket.

Efficiency of the program also has been increased through construction of additional fire towers and telephone lines in national forests, as well as on state and private lands. This work is carried out through the cooperative efforts of all federal, state and private agencies engaged in forest fire control activities.

"Public cooperation with these various agencies in the protection of our forest resources will mean more health and wealth for the people of North Carolina," said forester Kircher.
