Resident workers for out-of-state firms should see that their employers are making contributions on their wages or salaries to the N. C. unemployment compensation fund, so they will get the benefit of payments the employer is required to make anyway.

North Carolina has about 6,500 employers, operating about 8,000 establishments and with probably

slightly more than 460,000 employees covered by the state unemployment compensation act.

The N. C. unemployment compensation commission has collected more than \$6,250,000 in contributions from employers since January, all of which, with interest and penalties, will be used for paying workers who become unemployed after the beginning of the year 1938.

LOADING RUBBER ON SMALL BOATS IN LIBERIA FOR TRANSPORTATION TO OCEAN FREIGHTERS

From the Firestone plantations in Liberia comes an ever-increasing supply of the world's finest rubber. Money saved here and in manufacturing and distribution enable Firestone to sell a safer, first-quality tire at lower prices.

Why FIRESTONE MAKES A SAFER TIRE AT A LOWER PRICE

IN THE Firestone Standard Tire, you get extra value in the form of extra safety. It costs more money to build a safer tire. But Firestone can build a first-quality tire made of top grade materials and sell it for less money, because Firestone controls rubber and cotton supplies at their sources, manufactures with greater efficiency and distributes at lower cost.

YOU GET EXTRA PROTECTION AGAINST BLOWOUTS — eight extra pounds of rubber are added to every 100 pounds of cord by the Firestone patented Gum-Dipping process.

YOU GET EXTRA PROTECTION AGAINST PUNCTURES — because under the tread are two extra layers of Gum-Dipped cords.

YOU GET EXTRA PROTECTION AGAINST SKIDDING — because the tread is scientifically designed.

YOU GET LONGER NON-SKID MILEAGE because of the extra tough, long-wearing tread.

Join the Firestone SAVE A LIFE Campaign today by equipping your car with a set of new Firestone Standard Tires.

DON'T RISK YOUR LIFE ON SMOOTH WORN TIRES! DO YOU KNOW

THAT last year highway accidents cost the lives of more than 38,000 men, women and children?

THAT a million more were injured?

THAT more than 40,000 of these deaths and injuries were caused directly by punctures, blowouts and skidding due to smooth, worn, unsafe tires?

Section of smooth tire which is liable to punctures, blowouts and skidding. Section of new Firestone Tire. Note protection against skidding in punctures and blowouts.
