EXAMINATIONS FOR 638 JOBS

Unemployment Officials Give List Of Places To Be Filled

Competitive examinations for approximately 638 positions under the North Carolina unemployment compensation commission have been announced by Dr. Frank T. de Vyver, supervisor of merit examinations.

The positions cover a wide range and the salaries run from \$900 to \$5,000 per year. Among the jobs to be filled are director, attorneys, personnel training supervisor, property clerk, publicity specialist, claims deputies, claims examiners, interviewers, accountants, field representatives, auditors, statistical clerks, general clerks, stenographers, file clerks, calculating, addressograph, bookkeeping and tabulating machine operators.

Last date for filing applications is November 26, 1938. Mailed applications must be postmarked before midnight, November 26.

Applicants must be citizens of the United States and residents of the state of North Carolina for at least one year prior to the closing date for the receipt of applications. The committee, with the approval of the commission, may waive residence requirements for any examinations for a position requiring abilities and experiences exceptional in the state.

Applicants may compete for positions in more than one series, but a separate application form must be secured and filed for examinations in each series.

Each applicant will receive, along with the application blank or blanks, an announcement bulletin giving detailed descriptions of (1) the type of work involved in the positions for which he intends to apply, (2) the minimum education and experience requirements for these positions, (3) the nature of the tests to be given for the positions.

The time and place of the examination will be announced when applicants receive cards admitting them to the examinations. Do not write for this information. It will be impossible to answer until the admission slips are ready to be mailed. All examinations for clerical positions, however, will be held on a Saturday afternoon.

Failure to meet minimum education and experience requirements or to pass the written test with a grade of 60 will disqualify an applicant from taking subsequent parts of the examination. Before appointment applicants must be able to pass a satisfactory physical examination.

The full list of positions and the salaries attached is too long for publication, but may be seen at The Press office.

All communications and requests for applications should be addressed to Dr. Frank T. de Vyver, supervisor of examinations, P. O. Box 2332, Durham, N. C.

PANTHERS TAKE ANOTHER GAME

Slagle And Fouts Carry Ball Across For Touchdowns

Franklin "let loose" last Friday by winning over Long Creek with a score of 12-0. The first of these touchdowns was made by John Slagle, the quarterback, after only four minutes of playing. The second was made by Fouts, a half-back, in the second quarter.

John Slagle has proved the Panthers' real signal caller and called plays to a better advantage. Charles Hunnicutt and Roy Fouts, the half-backs, played a good game, assisted by Frank Higdon, full-back of the Panthers. The guards, Fred Guest and Vercoe Watkins played an excellent game.

The substituting seemed to place the boys to better stability while giving a rest to the others. As there were no more than two passes thrown, the ends did not get to show their colors. Right End Leatherman starred, playing his first game for the Panthers.

F. D. A. HEADS MET MONDAY

Session Here Attended By District Supervisor Covington

"Serious debt problems of 3,547 North Carolina farmers have been considered by Farm Debt Adjustment committees in this state and to date 1,631 have been satisfactorily adjusted, saving many homes from foreclosure and permitting the farmers to continue us useful, self-sustaining citizens," said W. P. Covington, district FDA supervisor of the farm security administration, Monday, at the close of a meeting of the Macon county farm debt adjustment committee.

The meeting was held in Franklin, in the Agricultural building in the office of T. C. Mimms, county supervisor of the farm security administration. Carl Slagle, Walter Gibson, J. E. Lancaster, H. W. Cabe and Frank Moody compose the county committee. "These men," Mr. Covington said, "were selected from a group of representative Macon county citizens widely acquainted with farmers and farm problems. They are men thoroughly familiar with conditions and circumstances which farmers have faced during recent years and are, therefore, in a position to offer advice and assistance to those whom it appears are too heavily involved with debt to proceed properly with their farming operations."

Problems discussed at the meeting are held in strict confidence, but Mr. Covington pointed out that plans were worked out whereby a number of individuals will be in a position to proceed next year with the operation of their farms satisfactory to themselves and to their creditors.

In making an adjustment the farm debt adjustment committee tries to work out the best solution for all parties concerned, Mr. Covington explained. The interest of both creditor and debtor is considered and no action is taken unless it is satisfactory to both. The service is beneficial to both parties inasmuch as a satisfactory adjustment enables the farmer to go on with his operations and assures the creditor of receiving as much of his investment as the farmer can possibly pay.

"Farm debt adjustment does not always mean reduction of the amount owed," Mr. Covington said. "Very often it simply means new repayment arrangements, with an extension of time granted by the creditor. Sometimes such arrangements necessitate a longer term lease for the farmer, or a definite plan of farming operation satisfactory to debtor and creditor alike."

Any farmer who, as a result of the depression or for other reasons, has become indebted to the extent that he cannot properly carry on or who is in danger of losing his property through foreclosure should, by all means, take advantage of the service rendered by the farm security administration through the debt adjustment committee, Mr. Covington pointed out. Any assistance rendered the farmer or his creditor is absolutely without cost. In order to obtain such service, farmers or creditors should apply in person or write to the county office of the farm security administration, Franklin, N. C.

School Library Asks For Book Donations

Next week will be national book week, and the Franklin school library is asking for donations of books suitable for student reading. Principal J. R. Wells states that the books need not be in perfect condition, and that if the pages are all there they can be repaired.

The library now has a full time librarian, and has a daily circulation of 200 books. The library meets the state minimum requirements, but more books are urgently needed.

New Pastor

Of M. E. Church Expected To Arrive Today

The Rev. Ivon L. Roberts, new pastor of the Franklin Methodist church, with his family, is expected to arrive in Franklin today (Thursday), and will conduct the regular services Sunday.

The Rev. and Mrs. Roberts have four children—three daughters, Os-teen, 14; Wilma, 10; Norma, 3, and one son, Elwood, age 7. The family will be given a hearty welcome to Franklin. They come here from Dallas, in the Gastonia district.

Dr. and Mrs. J. E. Abernethy left Tuesday for Valdese where Dr. Abernethy will take up his duties as pastor of the Valdese Methodist church. Dr. and Mrs. Abernethy made a host of friends while in Franklin, and his scholarly sermons were a source of pleasure and inspiration to all who heard him during his pastorate here.

ROLL CALL TO START NOV. 11

Quota Set At 300; Plans To Be Discussed At Meeting Nov. 10

Having set a goal of 300 memberships for the Macon County Red Cross Chapter for 1939, chapter officials, under the direction of the Rev. H. S. Williams, roll call chairman for the county, are making plans for reaching and surpassing this goal. The Roll Call begins on Armistice Day and concludes on Thanksgiving Day. During that time a county wide canvass will be made for memberships.

Membership in National Red Cross is divided into four types of memberships as follows: annual, \$1; contributing, \$5; sustaining, \$10; and supporting, \$25. Out of each membership, 50 cents is sent in to the national organization with the balance being used in the local work.

During the past year the local chapter has aided in welfare work, in the care of sick and needy families, in helping provide for families in distress, in providing glasses for needy people, caring for transient families, in providing yeast for pellagra patients, and providing X-rays for tuberculosis patients. While the funds have been limited for use in this work, chapter officials feel that the available funds have rendered a distinctly worthy service in the community.

A special "Pep" supper will be served at the Legion Hall on Thursday evening, November 10, for the Roll Call workers of the county. A special program is being provided for this meeting. Included among the speakers will be Miss Josephine Dixon, public health nurse for the county; Mrs. Eloise Franks, county welfare officer; the Rev. Frank Bloxham, roll call chairman of last year; the Rev. H. S. Williams, roll call chairman for the 1939 roll call.

Following the supper a general meeting for all members of the Red Cross will be held in which reports of the activities of last year will be heard, plans for the new year will be discussed, and officers elected for the coming year. All members of the local chapter, and this includes all who paid their membership dues for 1938, according to the Rev. J. A. Flanagan, chairman of the Macon County Chapter, are invited and urged to be present for this meeting at 8 o'clock.

Misses Edna and Emma Potts, who are attending college at Lincoln Memorial University, spent the week-end with their parents, Mr. and Mrs. Albert Potts, at their home at Gneiss.
