OFFICERS ELECTED BY P.-T. A. TUESDAY

"The Sweetest Story Ever Told" was sung by Mrs. Jack Hall, Jacquelin Aiken, Marie Neely, and Mrs. O. F. Sumner, with the piano accompaniment by Mrs. Sumner.

The audience was then requested to go to Mr. Hentz's room for the annual election of officers. Mrs. E. H. Potts was re-elected president; other officers elected to serve with her were: Miss Nina Howard, vice-president; Miss Elizabeth White-side, secretary, and Mrs. A. C. Holt, treasurer.

The above slate was presented by the nominating committee composed of Mrs. W. F. Beadle, Miss Ethel Calloway and Prof. F. C. Hentz. Mr. Beadle served of this committee in the absence of Mrs. Beadle who was ill.

Potts and Mrs. Ethel Russell. The tables were lovely with centerpieces of jonquils and Easter lilies. The refreshments were hot buns, butter, strawberry jam, cookies, coffee and tea.

The Association will celebrate its 20th birthday next year.

ODDITIES AT THE FAIR

NEW YORK—Here are a few of the strikingly unusual things visitors will find at the New York World's Fair 1939:

A parachute tower from which visitors may "bail out" at an elevation of 250 feet and be sure of a "happy landing."

Revolving "magic carpets" from which you may look down as from a height of two miles upon "The City of Tomorrow" inside the 200-foot Perisphere.

The Carrell-Lindbergh mechanical heart, reproducing the action of the human organ. "Steve Brodie" jumping six times a day from a reproduction of the Brooklyn Bridge.

The most valuable wheat field for its size in the world in full growth.

The steel-walled bathysphere in which descent has been made miles down in the black depths of the ocean.

"Rocket gun" by which passengers will be shot to the moon, or Mars someday—perhaps.

The model of a human eye so large visitors may enter it and look out upon the Fair's busy scene just as if the eye were doing the looking.

Two hundred blooded cows being milked daily on a revolving platform.

An orange grove transplanted intact all the way from Florida.

Automobiles with living drivers in hair-raising collisions and flying somersaults.

The largest opal in the world. An oil well in operation with real drillers in the "cast."

The largest model railroad ever constructed.

Puppets 14 feet tall dramatizing the contents of the familiar bathroom medicine cabinet.

Displays of rare orchids, renewed every three days by plants flown to the Fair from Venezuela.

The tremendous discharge of 10,000,000 volts of man-made lightning.

A Brazilian exhibit building erected on stilts. A floor made of cotton.

Miss Potts Honored At Woman's College

Miss Carolyn Potts, of Highlands, has been elected second vice-president of the Baptist Student Union at the Woman's College of the University of North Carolina at Greensboro, according to an announcement made by the news bureau of that institution.
