**DEMOCRACY MUST BE WON**  
Democracy is not self-operating. It must be won by each generation. Its existence cannot be taken for granted. It needs constant attention and care since it has bitter competitors in the world market of ideas.—William O. Douglas, Associate Justice of the Supreme Court.

**20 F. F. A.'s Of Franklin High Leave For State Camp**

Twenty Future Farmers of America of the Franklin high school left Monday morning in a Smoky Mountains bus for the State F. F. A. camp which is located at White Lake in Baldwin county. The boys will spend a week in camp and one day will be spent at Carolina Beech.

The following boys made the trip: Robert Holbrooks, Fred Slagle, Homer McCoy, Jack Blaine, Logan Allen, Fred Cunningham, Paul Taylor, J. S. Cunningham, Mericus McCoy, John Keener, Everett McClure, Vic Perry and Fred Honk. They were accompanied by Mr. and Mrs. E. J. Whitmire, Jr.

**Agents Report Farm Progress**

The following reports of progress on Macon farms has been made to Fred S. Sloan, district farm agent by S. W. Mendenhall and T. H. Fagg, county agent:  
John C. Dills of the Geiss community reports excellent results from his first planting of Giant Stringless Green Pod beans. From the one half acre planted Mr. Dills picked 136 bushels which sold for \$174.00. The cost for preparing land and cultivation \$3.00, for picking \$17.00, fertilizer \$8.62, a total expense of \$38.82, thus giving him a profit of \$135.18 from the one-half acre planted.

J. L. Justice, unit demonstration farmer of Smithbridge township, has an excellent demonstration on his farm of the use of lime in connection with a soil improving crop and also the effect of this practice on succeeding row crops. In 1939 Mr. Justice seeded a five-acre field to red clover. On one acre of this field he applied 2,000 pounds of agricultural ground limestone.  
Mr. Justice says that he received excellent cuttings of hay from this acre in 1939 and 1940. He turned the last growth of clover in the fall of 1940. In 1941 the whole five acres was planted in corn. The acre that was limed and on which clover was turned has at least one-third better crop of corn than any of the other four acres. Mr. Justice says that the three dollars he spent for one ton of lime, hauling and applying it, is entirely responsible for the hay he received and the increase in production of his crops.

**Local Team Places Five Players On All-Star Team**

Franklin baseball fans should be glad to know that Dan Reynolds, Doug Holsanback and Audrey have definitely been picked to represent Franklin, with Gene Melton and W. C. Newton both serving as alternative, in an All-Star baseball game featuring the outstanding players of the Tri-State League against a like group from the WNC Industrial League, scheduled for McCormick's Field at Asheville on the night of August 13, at 8:15 p. m. day light savings time.

Sponsored by the two loops, the game will be the first of its kind ever offered in this section, and is expected to draw fans from throughout the area covered by the 17 teams represented on the player list.

Each of the eight clubs in the Industrial league will have at least two players on the field, while the Tri-State loop, composed of nine clubs in North Carolina, Georgia and Tennessee, will be represented mainly by Tar Heels. However, all out-of-state clubs will have at least one player on the eligible list.  
Branch Rickey, owner of the St. Louis Cardinals and several big league scouts will be at the game and it is hoped that some of the boys will get a chance to go up. All plans for the game have been completed and each player will wear his own team uniform.

Charlie Munday, one-time catcher for the Asheville Tourists and and Richmond Colts will serve as manager of the Industrial League Club, while Malcombe Brown, outfielder for Sylva, will boss the Tri-State outfit.

The Leagues plan to make the all-star game an annual attraction.

**Franks Radio Company Moves To New Location**

Mack Franks has announced that the offices of the Franks Electric and Radio company will be moved from the upstairs of the McCoy building to the small building next to the Burrell Motor company in the corner of the Munday lot on Main street.

The company deals in new and used radios, new Singer and used sewing machines, and in electrical repair work.

Mrs. Franks, Singer sewing machine agent, operates a sewing room which gives free instruction in the use and care of sewing machines.

Mr. Franks stated that the reason for moving to the new location was to provide space for a more efficient and better equipped repair shop.

**Ladies Free For Twin Bill With Isabella Sunday**

Isabella, Tennessee, one of the finest teams in the Tri-State League, will invade Franklin Sunday for a twin-bill with the All-Stars starting at 3:30 Day Light Saving Time.

This will be the first time Isabella has ever played in Franklin and will be a chance for the fans to see "Babe" Swafford, one time first baseball with the Knoxville Smokies in the Southern Association. Isabella is leading the Tri-State League with 16 wins and 3 defeats. However, if the All-Stars can take these games, Isabella will drop into second place.

In order to get as large a crowd as possible, the Franklin Ball Club has decided to admit all ladies free who are accompanied by an escort. Franklin split a double-header Sunday with Spruce Pine winning the opener 8 to 1 and dropping the night-cap, 6 to 2. This was not a Tri-State League contest.
