DEFENSE BOND Quiz

Q. Do the retail stores receive any fee or percentage for the sale of Stamps?

A. No. The retail stores are offering their facilities as a patriotic service, just as banks, savings and loan associations, and others are giving their help in the sale of Defense Bonds.

Q. How can I form the thrift habit necessary for me to buy many Defense Bonds now, to help the Government?

A. The easiest way is to instruct your employer or banker to hold back a small fraction of your salary or other income. Even 10 cents a day and a dollar on your birthday will mount up in one year to \$37.50, the purchase price of a \$60 Defense Bond. Bigger savings buy bigger bonds.

Q. Can Defense Savings Stamps be redeemed?

A. Yes; they can be redeemed for cash at face value or exchanged for Defense Savings Bonds. For example, 75 of the 25-cent Stamps—total cash value \$18.75—may be exchanged for a Defense Savings Bond which in 10 years will be worth \$25.

Q. How long have Defense Savings Stamps been on sale at retail stores?

A. Sale of Stamps at retail stores originated in the State of Michigan on July 10. The idea met with such success that it is spreading rapidly, and soon Stamps will be sold in most retail stores on a Nation-wide basis.
