LAST MEETING OF PTA NEXT TUESDAY

The Parent-Teachers Association will hold its last meeting of the school year on Tuesday afternoon, May 5th. The election of officers for next term will be the main feature of the meeting and all members are asked to be present. Teachers will be hostesses at the tea which will be held in the school lunch room before the business session.

MRS. TUDOR N. HALL ENTERTAINS CARD CLUB

Mrs. Tudor N. Hall entertained the Wednesday card club with a bridge-luncheon last week at her home on Fifth Street. Small bowls of pansies centered the card tables where the luncheon was served. Spring flowers from the hostess's garden were used to decorate the rooms.

Mrs. Thomas C. Harbison won high score prize in the three table game and was presented with a bag of victory garden seeds. Miss Sara Gilder was final winner of the traveling prize defense stamps.

RUSSELLS OF PANAMA TO LIVE IN HIGHLANDS

Mr. and Mrs. Stacy Russell of Panama, Canal Zone, have arrived in Highlands to spend the season. Mr. Russell is postal inspector for

the Canal Zone and when he is retired from that position, he and Mrs. Russell expect to make Highlands their permanent home. Plans for building this summer on their Walhalla Road property have been temporarily postponed because of government regulations. Mr. and Mrs. Russell are at present guests of Mr. and Mrs. Frank B. Cook at their home on Bear Pen Mountain.

MISS PEGGY POLHILL PRESENTED AT BRENAU

Miss Peggy Polhill, daughter of Mrs. Harvey Trice, was presented in a speech recital, consisting of original "Angie" sketches of her own family, at Brenau College, Gainesville, Ga., last Thursday. There were four scenes, "Angie goes to a Party"; "A Man for Aunt Maggie"; "A Pair of Red Sandals"; and "Angie Takes a Back Seat". The list of characters included "Angie", Angela (Peggy's mother), Gram, Aunt Maggie, Aunt Corrie (the cook) and Rosebud. Mrs. Frank B. Cook went down for the recital with Mr. and Mrs. Trice. Miss Polhill is a member of this year's graduating class at Brenau.

Personal Mention

Mrs. Thomas F. Parker of Greenville, S. C., has returned home after a visit with Miss Rebecca C. Nell at her home on East Main street.

Miss Marna Cobb spent the weekend in Walhalla, S. C., where she was the guest of her cousin, Miss Mary Louise Abbott.

Mr. and Mrs. P. J. Osmar have returned to their home in San Antonio, Tex., after spending several weeks at the Potts House. On Wednesday Mr. and Mrs. Osmar were hosts at an informal dinner party with card playing in the evening. Guests were Mr. and Mrs. J. Harvey Trice, Mayor and Mrs. W. H. Cobb, and Mr. and Mrs. Frank B. Cook.

Miss Nellie Wilson was called home from Tallahassee, Fla., last week because of the illness of her mother, Mrs. R. B. Wilson, whose condition is reported much improved.

Mr. and Mrs. Harvey Talley have announced the birth of a daughter, Mildred Ellen, on April 21 at their home on the Dillard Road.

Mrs. C. E. Mitchell and small daughter, Margaret Ann, returned

home Friday from a two weeks' visit with Mrs. Mitchell's parents, Mr. and Mrs. C. B. Ryan, in Hawkinsville, Ga. They were accompanied home by Mr. and Mrs. Ryan, who are spending this week here.

Mrs. John Stephen Sewell is at her home for the summer after several months in Brevard, and has as her guest Mrs. Jean Menger.

Corporal Howard Talley has returned to camp at Montgomery, Ala., after spending a two weeks' furlough here with his brother and sister-in-law, Mr. and Mrs. Carter Talley, and with his father, J. R. Talley, at Scaly.

Mrs. Elsie Tarry arrived Monday to spend the summer at "Chee-on-dah" with her uncle Henry W. Sloan, who will return Friday from Philadelphia where he has been since December.

Friends of Walter Talley will regret to hear that he sustained a fractured leg while working his farm and is a patient at Angel's Clinic in Franklin.

Mr. and Mrs. W. W. Edwards had as their weekend guests their son, Lieutenant Louis Edwards and family of Ft. Benning, Ga. Lt. Edwards returned to Ft. Benning Sunday and Mrs. Edwards and their son will be here through this week. Hotel Edwards had an unusually good weekend tourist business, with guests from many sections of the country.

William R. Potts, son of Mr. and Mrs. J. E. Potts, who entered the army a few weeks ago, is stationed at Sheppard Field, Tex., with an air corps training school squadron.

Mrs. Arnold Garris and daughter, Jeannette, of Macon, Ga., and Mrs. O. H. Jackson of Franklin were weekend guests of Mrs. Martha Day at Brookside Camp.

Mr. and Mrs. G. D. Edwards entertained with a family dinner party on Sunday honoring their son, Bill Edwards of Camp Jackson, S. C., who is being transferred to California. Their daughter, Miss Virginia Mae Edwards, of Brevard College, was also at home for the weekend.

Wade Sutton has returned to West Palm Beach, Fla., after spending a few days here. He and Mrs. Sutton are planning to arrive about the middle of May for the season.

Rev. and Mrs. Alexander Kenner of Covington, Ky., are expected to arrive on Monday for a visit with Mrs. Kenner's parents, Mr. and Mrs. W. S. Davis.

Mrs. Margaret Smith of West Palm Beach, Fla., has leased Pierson Inn for the summer, but does not expect to be in Highlands until the first of June because of the good Hotel business she is having in West Palm Beach.

Farmers Are Eligible For New Tires, Recaps

Farmers can qualify for new or recapped tires, providing they use their trucks or cars to haul produce to and from the market, Dean I. O. Schaub, director of the State College Extension Service.

The farmer who uses his truck exclusively to transport farm products and food to market, and carry needed home supplies to the farm, is eligible for new tires and tubes. This includes the transportation of fuel for farm machinery, fertilizers, and feeds to the farm. On the other hand, no new tires will be sold to farmers for trucks that are used to carry products to housewives or other ultimate consumers.

The term "truck" includes pickups. Farmers are also eligible to get new tires for their tractors and other farm implements, providing they are not changing from steel wheels to rubber tires.

Farmers who use their passenger cars to haul produce to and from market because they have no other practical means of transportation, are eligible to have tires recapped or to buy recapped tires. This eligibility also applies to farm workers and technicians who use their passenger cars to travel within and to and from farms essential to the war effort.

A dairy farmer who delivers milk to consumers in an isolated area not having access to other sources of milk might establish eligibility if the local rationing board considers it vital.

State College Hints For Farm Homemakers

By RUTH CURRENT

(State Home Demonstration Agent)
More fruit in the diet would mean better health for many American families. Families on low income often suffer from lack of vitamin C because they do not buy enough fruit and vegetables. If more families grow their own fruit, they could afford a better diet and better health. Fruit is one of the most pleasant ways of getting minerals and vitamins.

Fruits need sunshine. Strawberries are as rich in vitamin C as citrus fruit. To keep your strawberry bed producing a good crop regularly, remember to plant a few new plants each spring.

What are canners going to do for sugar, metal jar tops and cans? The answer is: Sugar, tin cans, jars and tops will be made available for home canning through the usual suppliers. That is, from your store or from any other place where you are used to getting them. Your local rationing board will announce how you are to get additional amounts of sugar for home canning.

If you should have a crop of fruit ready for canning some time this season and not as much sugar as you usually have, you can put up the fruit without sugar and plan to sweeten it later as you use it. It may not hold its shape, or color, or flavor quite as well as if you had used sugar, but it will keep all right.

Housewives Told How To Outwit Moth

"Those winter woolens you are putting away this spring are going to be more valuable than ever next fall," points out Miss Willie N. Hunter, clothing specialist of the N. C. State College Extension Service. "War-time needs for wool emphasize the importance of protecting garments and blankets from moth damage," he declared.

Miss Hunter says that moths are likely to be in almost any house at any time of the year. "So eliminate all breeding places for moths," she advises, "and keep all floors and rugs well swept. Never leave wool rags or old wool clothes lying carelessly around the house. Don't let lint or hair accumulate in floor cracks or under baseboards—or dog or cat hairs remain in the basement. Moths like hair, feathers, and fur as well as wool."

Continuing, the Extension specialist said: "Before you store wool garments, rid them of moths, larvae, or moth eggs. Dry cleaning, washing with a strong solution of neutral soap, or sunning, airing and brushing combined will kill moths—destroy their eggs and larvae."

"Put clothing away in paper bags, in paper packages, in boxes, or store in trunks, chests and tight closets. Seal all paper bundles, bags and boxes so the moths have no access. They won't eat through the paper, but they will crawl through the holes."

"For extra protection, use naphthalene or paradichlorobenzene, or moth balls which contain one or both of these chemicals. About one pound of flake naphthalene or paradichlorobenzene is a safe amount for a small chest, trunk or wooden box. For a large closet or store-room, use a pound of crystals to every 100 cubic feet."

A man in Asheville, N. C., has invented a machine which he says will pull up trolley tracks as easily as a dentist pulls a tooth. He wants to use it in the Salvage for Victory campaign.

The Home Front

OPA warns that you'd better buy your coal for next winter now or soon . . . we may not be able to spare transportation space next fall to get it from the mines. The jewelry industry has until May 15 to use up what silver or gold-plated copper it has in inventory and no more copper after that . . . The supply of bicycles has been "frozen" and bicycles will be made available to war workers first and to other civilians afterwards. . . The Red Cross will collect those cuffs cut from trousers and will realize a profit on their sale to wool processors. . . After June 30, tin may be used to can only a limited variety of condensed soups. . . OPA has ruled that mud and snow tires, with heavy rubber lugs and treads, can't be replaced by new summer tires but must stay on the rims until worn out.

The Dairymen's League News of New York, recently had this to say of the farmer in war time; "Instead of striking for shorter hours and higher pay, he and his family have been for some time working longer hours, cutting out movies, going without new clothes and many other things in an earnest, patriotic effort to keep their heads above water and to do the best job they can possibly do for Uncle Sam. In the interest of national defense and victory for democracy—are they getting a fair break?"

The rises that have occurred in farm prices have obscured the fact that the cost of everything the farmer must have—labor, feed, machinery, supplies, taxes—has risen uncomfortably fast. Many a farmer is actually getting less net return now than in the days of lower prices.

Report Of Cullasaja Home Demonstration Club

The Cullasaja Home Demonstration Club took as its major project this year "Home Beautification, Within and Without". We have also studied nutrition, and quite a bit of work has been done along both of these lines.

In home beautification, Mrs. Clark remodeled her home by adding another bedroom, hall, bathroom, and additional closet spaces. She also had a hot water tank and sink installed and more cabinets built in her kitchen. She has refinished her floors and furniture according to suggestions given by our home agent.

Mrs. Vernon Bryson has remodeled her home by putting on a new roof, enlarging her kitchen, and building a large screened porch, to be used as dining room in summer.

Mrs. Woodrow Teague has had water put in her home, bought a pressure cooker, built cabinets, made a couch cover, refinished furniture, and built a screened back porch. She has also seeded her lawn and improved her poultry flock.

Mrs. George Scott bought a pressure cooker and improved sanitary conditions in her home. She also has improved her poultry flock. Mrs. Fred Palmer has improved her water system by having a well drilled and an electric pump installed.

Five homes have been repainted and nine women have refinished their floors. Several of the homes have had additional closet space built.

Most of the women have improved their lawns by seeding them, planting flowers, or setting shrubbery. Mrs. Preol Dryman has added to the attractiveness of her

lawn by making a bird bath, building a rustic seat and a trellis, setting shrubbery and planting flowers.

Almost every woman in the club has made a greater effort for a live-at-home program. They have tried to grow better gardens and have planted more and a greater variety of vegetables. They have also canned a larger number of, and a greater variety of fruits, vegetables, jams, jellies and preserves. Eleven women have reported canning 3510 quarts of fruits and vegetables. In addition they have reported drying some fruit and vegetables.

Five women have kept their Farm Home Account books up to date. We believe that keeping these records will help us to better our living conditions by wiser spending of our limited incomes.

We feel that much of the progress we have made as individual home-makers has been brought about by club work, and that particular credit should go to our beloved home agent, Mrs. Sherrill, for her able leadership and friendly helpful counsel.

Young People
