MOST everyone has a favorite salad recipe. The scope is so wide; the results always good—whether you use fruits, vegetables, meats or just a combination of greens. Since these are *salad days*, we have developed a couple of ideas here which can be varied in many ways.

SALAD BOWL

Line a salad bowl with romaine, lettuce or other greens. Fill with rows of vegetables including radish roses, sliced cucumbers, carrot strips, watercress and sliced tomatoes with cottage cheese between the slices. Serve with French or Russian dressing or sour cream.

FRUIT SALAD

Place slices of pineapple on lettuce or other greens. Around the pineapple place slices of avocado. Garnish with halves of strawberry. Serve with Cream Dressing made as follows:

2½ tablespoons light corn syrup
2 tablespoons flour
¼ cup orange juice
½ tablespoon lemon juice
½ cup thick sour cream
¼ teaspoon salt

Mix the corn syrup, flour and salt until smooth. Stir in the orange juice gradually. Cook over low heat until thickened, stirring constantly. Remove from the heat, add lemon juice and allow to cool. Fold in the sour cream. This recipe makes about ¼ cup of dressing.
