**Lieut. Louis W. Manning
And Miss Mary Helen
Moore Wed In
Cambridge, Mass.**

Cards have been received by friends in Franklin from Mr. and Mrs. William Franklin Moore of Chester, South Carolina, announcing the marriage of their daughter, Mary Helen to Lieutenant Louis Wilton Manning, of the United States Army, on Saturday, August first, at Cambridge, Massachusetts.

Lieutenant and Mrs. Manning have many friends here whose well wishes go with them. Mrs. Manning taught Chemistry and physical science in the Franklin High school for two years. She is a graduate of Winthrop college, and was one of the most popular and talented of the high school faculty. She contributed generously of her musical talents to community and social events.

Lieut. Manning was an electrical engineer with the Nantahala Power and Light Company for several years prior to his enlistment in the Army last Spring as Lieut. in the reserves. He was from Hendersonville and was a graduate

NO FLOWER SHOW BY GARDEN CLUB

The regular meeting of the Garden Club held Monday at the home of Mrs. Albert Ramsey decided that, due to war conditions, the usual August flower show would be omitted this year.

Due to the inability of Mrs. E. L. McFee to accept the club's invitation to address the meeting, Mrs. R. M. Rimmer, successful grower of pansies, made an impromptu talk on her experience in growing the different varieties. A contest which consisted of making the greatest number of words out of the letters in "National Defense", was enjoyed by all, the prize being won by Mrs. Allan Brooks. Mrs. A. L. McLean and Mrs. Lola Barrington, were assistant hostesses to Mrs. Ramsey. The September meeting will be with Mrs. Allan Brooks.

HOME FRONT

**FOR NECESSARY
Repairs**

No Government Permit Required

Uncle Sam realizes that home defense is just as important as front-line defense. That's why you can still obtain building materials for remodeling and repairing. Take advantage of this opportunity now, though, in case present supplies are requisitioned. Let one of our representatives examine your home today and give you a free estimate.

This examination consists of a four-point check-up: (1) **ROOF**—for any signs of rot; (2) **SIDES**—to save you real trouble later on; (3) **INSULATION**—important point now to avoid loss of heat next winter; (4) **PAINT**—an extra coat protects your home against deterioration.
