Talk On Herbs Heard By Garden Club

The Garden Club meeting with Mrs. H. E. Church last Monday afternoon was entertained with a talk on herbs by the Rev. A. Rufus Morgan of St. Agnes Episcopal church. A student of plant life and nature lover, Mr. Morgan brought to his hearers many interesting and rare bits of knowledge, as well as seed from his own herb garden to distribute among the members, and a bag of sweet lavender to his hostess for her linen closet. He also shared a treat in a box of "benny seed" candy, recently sent to him from Charleston, S. C.—a unique delicacy peculiar to the "old city by the sea", flavored with the seed of a rare herb.

Mr. Morgan closed his talk with reference to the Wise Men who brought the rare herbs of frankincense and myrrh along with gold to the Christ Child.

The Christmas motive was carried out in the decorations. A miniature snow scene was shown arranged on a table, with Santa Claus and his reindeer. Instead of the usual Christmas wreath on the front door, there was a "V" in red, white and blue. The refreshments were sandwiches, fruit cake and spiced tea.

in a spirit of cooperation and patriotism.

Populations of practically all nations have been disrupted. In this country, home ties have been broken, old neighbors have moved away and new neighbors have been gained. New responsibilities have come to us all.

If an emergency causes newcomers to call us, they may do so with full assurance that we will serve them with the same fidelity to their interests that has earned for us, a permanent reputation for responsibility and dependability.
