THE 2nd WAR LOAN DRIVE IS ON!

How to invest in "fighting dollars!"

"Lend more money to help carry on the fight!" That's what our Government is asking you and all the rest of us... asking us to lend it 13 billion fighting dollars in the next few weeks! 13 billion extra dollars—over and above all regular War Bond buying!

We can do it... we must do it... we owe it to our boys who are fighting overseas. For their sake...

We've got to build more ships! We broke all records last year when we built 8 million tons of shipping. This year, we're building 18 million tons... but still it is not enough!

We've got to do more fighting! More and more of our soldiers and sailors are going into actual combat... requiring more equipment, and more supplies. We cannot let them down!

We've got to buy more War Bonds! To help pay for the things our fight-

ing men need... we've got to buy War Bonds as we never bought them before!

In the next few weeks you may be visited by one of the thousands of men and women who are giving their time and effort to the 2nd War Loan Drive. Welcome these patriotic workers if they call... buy from them all the War Bonds you can!

Better still, don't wait for them. Go to your nearest bank, post office, or War Bond booth, and invest more fighting dollars now! It's the least you can do to help those who are fighting and dying overseas!

Among the 7 different kinds of U. S. Government securities is one that exactly fits your own particular purse and requirements. These securities are the finest investment in the world... bar none! For your Country's sake... for your own sake... invest all you can!

THEY GIVE THEIR LIVES... YOU LEND YOUR MONEY!
