FARMERS WILL GET GAS "Farmers are entitled to first call in receiving motor fuel when they present valid 'E', 'R' or bulk coupons or ration checks which are issued pursuant to Ration Order 5-C of the Office of Price Administration Dealers (whether retail or wholesale) must accord them this privilege. SOLDIERS SEND MONEY BY RADIO American soldiers overseas, except those in Alaska, Hawaii, Panama Canal Zone, and Puerto Rico may now send money home by radio. In a recent week more than 9,000 soldiers sent nearly \$1,000,000, in amounts of \$10 or more, with no maximum limit. Money may be transmitted to an individual payee, or to a bank. The process is speedy and sure. If a soldier desires to do so, he may also purchase War Bonds by this methods.

NO CORN FOR LIQUOR Corn cannot be used for manufacture of distilled spirits and high wines, a recent directive of the War Production Board says. The action was taken to conserve the stocks of corn for essential purposes, although the amount of corn saved is likely to be small because distillers already had shifted largely to the use of wheat.

8 MILLION POUNDS OF WASTE FATS American housewives salvaged almost 8 million pounds of waste kitchen fats in May—highest total since the fats and grease salvage program was started. This result surprised government officials who said that a drop might have been expected because meats and fats have been rationed since March. Nevertheless, the 8 million pounds is only about 50 per cent of the needed quota of 16,667,000 pounds per month.

This poem was sent to Mrs. F. E. Brown from her son Vivian H. Brown, who is stationed in North Africa.

"TO MOTHER"

Long is the distance which keeps us apart, But strong is the love that is locked in my heart; And the smile on your face that I always knew, Is more than a memory steadfast and true. Each thought of you, prayer for you whispered each night, Shall give me new courage and strengthen my fight, For wherever I go, I never will find, A mother as sweet, or as loving or kind.

Institute Of Government Summarizes 1943 Local Legislation For Officials The officials of the county and its cities and towns are this week receiving a special 20,000-word study prepared by the Staff of the Institute of Government, summarizing all local legislation passed by the 1943 General Assembly.

Bills affecting county and city officials, taxation and finance, schools, courts, town boundary extensions and charter amendments are analyzed and integrated to give a picture of the treatment which local acts, constituting two-thirds of all legislation, received in the General Assembly.

Included with this analysis of local acts is a study of the public and local bills which failed to pass in 1943.

A chart and explanation of the "Withholding Tax" for the use of city and county pay roll and finance officers is also presented.

MORE COMMUNITY-WIDE PRICES OPA will continue to establish community-wide prices on foods sold at retail, even though it has recently issued over-all fixed markup regulations. The housewife cannot easily tell whether a store-keeper has made his prices by the markup method, and that is the reason OPA will proceed with community-wide maximums.

At The Theatre

Music, comedy and romance mingle in the Booth Tarkington story "Presenting Lily Mars" coming Sunday and Monday, July 25 and 26. The engaging story is that of a young girl, (Judy Garland), who wants to become a musical comedy star; a producer, (Van Heflin), who cannot see her possibilities and the complications that follow when the very resolute young lady sets out to show him the error of his judgment.

In addition to the fun and romance of the story itself, Bob Crosby and his orchestra and Tommy Dorsey and his orchestra supply a musical background.

Tuesday and Wednesday, July 27 and 28, bring Clare Boothe Luce's intriguing novel, "Margin for Error" to the screen with Joan Bennett, Milton Berle and Otto Preminger.
