

## SOCIAL ACTIVITIES and COMINGS AND GOINGS

### TEA IN HONOR OF MRS. BRUNER AND MRS. MILEY

The many friends of Mrs. William Bruner of Titusville, Fla., were glad to welcome her back recently for her first visit since their residence here several years ago, when Mr. Bruner was an engineer with the Forest Service. Mrs. Bruner was accompanied by Mrs. H. C. Miley and small daughter, and they were guests at Kelly Inn.

An informal tea was given in their honor by Miss Gladys Sellers and Mrs. J. W. C. Johnson, with members of the Auxillary of St. Agnes church and a few other friends as guests. Mrs. Bruner was president of the Auxillary and also of the Franklin Parent-Teacher association while here; and was active in many ways in the social and civic life of the community.

### F. T. A. MEETING ON MONDAY, OCT. 18

The first meeting of the Franklin Parent-Teacher Association for the fall term will be held on Monday, October 18, according to an announcement by Mrs. Carl Slagle, president. All members and mothers of school children who have not yet become members are urged to attend.

### Eye Clinic Under Dep't. Of Welfare

An eye clinic is being arranged by the State Commission for the Blind to take place in Asheville at an early date, sponsored by the State department of public welfare, according to an announcement made by Mrs. Elsie Franks, superintendent.

Mrs. Franks states that service can be procured for only twenty people in this county, and it is desired to secure as many school children as possible in this group. All clients for this service must be certified by the county superintendent on the basis of need. All who are interested should call at the welfare office in the Ashear building not later than October 17.

The department of welfare

will provide transportation to Asheville and return for the Macon county quota.

## CHILDREN'S COLDS

FOR DIRECT RELIEF from miseries of colds—coughing, phlegm, irritation, clogged upper air passages—rub throat, chest, and back with Vicks VapoRub. Its poultice-and-vapor action brings relief without dosing.

ALSO, FOR HEAD COLD "sniffles" melt a spoonful of VapoRub in hot water. Then have the child breathe in the steaming vapors.

### The Man Who Is Acquainted With The Facts

A well-informed man, who thinks things through, knows that a funeral director's professional services are of greater value than the casket and furnishings, even as the services of members of other professions are worth far more than any material essentials they provide.

The well-known high character of our funerals does not mean that we are high priced. It costs no more to call us.

## Attention,

# Farmers!

The War Food Administration insists that we must produce more pasture and hay crops or else face an alarming shortage of beef, mutton and dairy products (fats).

A good seed bed in the fall with 200 or 300 pounds of high grade complete fertilizer per acre under alfalfa, crimson clover, rye, barley, winter oats and early wheat guarantees the maximum fats per dollar. It will produce more dairy products, poultry products, beef, pork and lamb in the months of December, January, February and March than any like investment. There is no waste. Stock love it. They eat it and it is manufactured right into fats on its way to an anxious market.

Complete analysis fertilizer is cheaper this fall than any commodity that the farmer buys. Produce will be high and the way to get benefit of the high prices is to take advantage of the low price on high grade fertilizer.

For fats we have selected for this fall the Government analysis of 4-12-4. It carries 4% of nitrogen, 12% of phosphate and 4% of potash. 4-12-4 is labeled **Dean's Choice**. It is processed and made our way (pulverized).

Our dealer in addition to Dean's Choice (4-12-4) also carries in stock 2-12-6, 0-14-4 and 18% phosphate.

## From where I sit

by Joe Marsh

Grandma Hoskins knows a lot about history—but when we asked her where the first brewery was built in America, she wouldn't take sides.

"You see," says Grandma, "wherever the colonists settled, one of the first things they thought about was food and beer. . . In fact, one reason why the Pilgrims landed at Plymouth Rock was because the Mayflower was runnin' short of beer."

Well, that was a new one on us, but Grandma showed it to us

—Just as it was written in the Mayflower's log.

And it seems that all through our early American history beer sort of tempered the hardships and helped to make us a tolerant, moderate people.

From where I sit, beer is the American drink of moderation and friendliness—kind of a symbol of our personal liberty.
