8:30 p. m.—Sermon.

Catholic Services will be held each Sunday morning at 11 o'clock in the School auditorium.

Christian Science Chapel, Main street, opposite the Postoffice, 11:00 a. m. Sundays, through September.

MISS RUTH MORGAN BECOMES BRIDE OF SGT. G. A. SHULER

Miss Ruth Morgan, daughter of Mrs. M. E. Morgan and the late Mr. Morgan of Chino, Calif., was married to Sgt. Glenn A. Shuler of Camp Davis, son of Mr. and Mrs. Z. A. Shuler of Highlands, in a ceremony solemnized in the Clerk Creek Baptist church Thursday morning, June 21. The Rev. W. T. Medlin, Jr., pastor of Highlands Methodist church, officiated at the service.

A program of wedding music presented by Mrs. O. F. Summer included Schubert's Serenade, and "Evening Star" from Tannhauser by Wagner. R. B. DuPre sang "Still as the Night" by Bohm. The bridal chorus from Lohengrin was used as the processional and the wedding march from Mendelssohn as the recessional. During the ceremony Mrs. Summer played "O Perfect Love."

The bride wore a two-piece dress of white eyelet embroidered batiste. Her flowers were white carnations, and her shoulder length veil was held in place with white carnations. Miss Elizabeth Morgan, sister of the bride, was her only attendant. She wore a dress of dusty rose crepe. Lyman Wilson of Highlands acted as best man. Sprays of mountain laurel and rhododendron blossoms, interspersed with greenery, were banked at the front of the

Women do you suffer
SIMPLE ANEMIA
Due to Loss of Blood-Iron?
You girls who suffer from simple anemia or who lose so much during monthly periods you feel tired, weak, "dragged out"—this may be due to low blood-iron—so try Lydia E. Pinkham's TABLETS at once. Pinkham's Tablets are one of the very best home ways to help build up red blood to give more strength and energy—in such cases. Pinkham's Tablets are one of the greatest blood-iron tonics you can buy! Follow label directions.
Lydia E. Pinkham's TABLETS

church, and seven branched candelabra held lighted white tapers. Bouquets of white daisies and ferns tied with white ribbon decorated the pews.

Following the ceremony a wedding breakfast for the bridal party was served at the home of the bridegroom's parents. Pink and white flowers centered the table and circled the base of the wedding cake. Place cards were pastel-colored wedding bells tied with white ribbon.

After a wedding trip in the mountains Sergeant and Mrs. Shuler left for Camp Davis, where Sergeant Shuler has been stationed since his recent return from two and a half years of overseas service.

W. T. MEDLIN, SR., HONORED WITH DINNER PARTY

Rev. W. T. Medlin, Jr., entertained with a dinner party at Hotel Edwards on Thursday, June 21, honoring his father, W. T. Medlin, Sr., of Charlotte, on his birthday anniversary.

Guests included Mr. and Mrs. W. T. Medlin, Sr., and Mrs. Wade Sutton, Dr. Thom N. Carter, Rev. Jack B. Davidson, Rev. Robert DuPre, Rev. A. Rufus Morgan, of Franklin, Mrs. H. P. Thompson, Miss June Thompson, Prof. and Mrs. W. C. Newton, and Dr. Jessie Z. Moreland.

Mr. and Mrs. Medlin have returned to Charlotte after spending a ten day vacation here with their son at the Methodist parsonage.

CELEBRATES TWENTY-FIFTH WEDDING ANNIVERSARY

Mr. and Mrs. George Saussy of Columbia, S. C., celebrated their twenty-fifth wedding anniversary with a party Saturday afternoon at "Highfield", their summer home on the Wall-halla road. Included in the guest list were a number of friends from Columbia invited for a house party at the Saussy home over the weekend in honor of the occasion.

Mr. and Mrs. Saussy spent their honeymoon at "Highfield" 25 years ago when it was the summer home of Mrs. Saussy's parents, the late Mr. and Mrs. W. Hampton Perry.

No Window Service At Highlands Postoffice On Sundays

In compliance with Section 436 Postal Laws and Regulations, beginning Sunday, July 1, 1945, there will be no window service on Sundays at the Highlands postoffice, and the only parcels that will be delivered on Sundays will be special delivery or perishable articles, according to announcement by C. C. Potts, postmaster.

First class mail and papers will be distributed and placed in the boxes and there will be the dispatch of mail to Wall-halla at 10 o'clock.

Personal Mention

Mrs. T. M. Keener spent the past weekend in Atlanta where she visited her daughter, Mrs. Herbert Millkey and family.

Mr. and Mrs. Foster Brown of New Smyrna, Fla., are occupying Miss Susan Rice's cottage on Spring street.

Mrs. Ralph R. Lounsberry, who has been spending the past several weeks at her cottage on Flat Mountain, left Friday for a month's visit in Wilmington.

Mrs. George Bell and Mrs. M. M. Bradley of Atlanta arrived last week to spend the season with Mrs. Bell's daughter, Mrs. H. D. Randall, at her summer home on Billy Cabin mountain.

Mr. and Mrs. Morton Hodgson, Jr., spent several days here recently as guests at the Rain-water home, making plans for the beautification of their building site on Bearpen mountain, which they purchased last year. Mr. and Mrs. Hodgson will return to South America the latter part of July, where they have been stationed for the past two years.

"Kalalanta" the summer home of Mrs. A. J. Salinas on the Bowery road, has been leased for the season by Mr. and Mrs. A. V. Weaver of St. Petersburg, Fla.

Mrs. W. R. Harper of Como, Texas, arrived last week for an extended visit with her brother, W. S. Davis and Mrs. Davis.

Visiting Mr. and Mrs. J. L. Hicks last week were Mrs. Hicks' brother and sister-in-law, Mr. and Mrs. Harry Holt, and Mrs. Margaret Trenary, all of Alexandria, Va.

Mr. and Mrs. O. L. Peacock of Ft. Pierce, Fla., have leased the Billstein summer home on East Main street and expect to arrive the first of July.

Miss Jessie Potts and Miss Mozelle Bryson, who are attending summer school at Western Carolina Teachers college, Cullowhee, spent the weekend here with their families.

Miss Edna Phillips of Brevard spent the weekend with her parents, Mr. and Mrs. J. R. Phillips. Miss Phillips is secretary to Dr. Coltrane, president of Brevard College.

Mrs. U. J. W. Peters of Birmingham, Ala., is spending several weeks here as the house-guest of Mrs. John Stephen Sewell.

Sgt. Robert Zahner, who has been overseas for the past two years, left Tuesday to rejoin his bombing group after a furlough here with his parents, Mr. and Mrs. Kenyan B. Zahner. Sgt. Zahner was entertained with a round of parties, picnics and fishing trips during his stay in Highlands.

Mrs. C. B. Boardman, her daughter, and granddaughter, Mrs. Barnet Curry, and Miss Barbara Curry, and Mrs. Milton Tyler and son Lynwood of Sarasota, Fla., arrived last week to spend the season at the Boardman cottage on Mirror Lake.

Mr. and Mrs. N. T. Ragland of Miami, Fla., are at their summer home on Bearpen Mountain.

ADMINISTRATOR'S NOTICE
Having qualified as administrator of T. B. Enloe, deceased, late of Macon County, N. C., this is to notify all persons having claims against the estate of said deceased to exhibit them to the undersigned on or before the 6th day of June, 1945 or this notice will be plead in bar of their recovery. All persons indebted to said estate will please make immediate settlement.
This 6th day of June, 1945.
R. C. ENLOE, Administrator

State Collge Hints To Farm Homemakers

By Ruth Current
N. C. State Collge

Every paper bag is precious today. Housewives can help the situation by taking their own bags to market, by being economical of bags at grocery stores, by not asking for special wrappings, and by saving bags and wrapping paper at home. For the duration, a kitchen drawer may well be set aside for carefully folded bags and wrapping paper.

To save the gardener's back and make old tools work easily, sharpen them now and keep them sharp all season. For general sharpenings, have an 8 or 10 inch file, a whetstone, and possibly an emery wheel. The most useful whetstone is made of carborundum with one side fine and one coarse. When sharpening a blade, push it one way only, and stroke the full length of the stone. After each using, dirt should be cleaned off tools to make them work better and last longer.

Home canning is more necessary to the war effort than ever. With home preserved food it is easier to give the family good, nutritious meals the year round. Especially for families with gardens, canning saves money and ration points as well as food. Expert advice on home food preservation may be obtained from the local home demonstration agent in your county, or by writing to N. C. State College, Home Demonstration Division, State College Station, Raleigh, N. C.

The hurried housewife is often tempted to save time by slapdash cookery and guess measurements. These practices are likely to waste both time and food. The best method of cooking is: read the recipe carefully, unless you know it by heart; assemble all ingredients and utensils needed before you start; measure carefully; and mix and cook.

Fertilizer Doubles Yield Of Oat Crop

The yield of oats was doubled by good fertilization, in a demonstration just completed by Arthur H. Gross, of Rutherford county, and reported by Assistant County Agent K. S. Harmon.

The oats followed cotton which had been fertilized with 500 lbs. of 4-10-6 and 150 lbs. of nitrate of soda per acre. "Many farmers believe it useless to apply fertilizer to oats after such a heavily fertilized crop," says Enos Blair, Extension agronomist at State College, "but tests prove otherwise."

After the cotton had been picked, the land (a Cecil sandy loam) was prepared for oats, which were sown on November 17. The Fulgrain variety was used, at the rate of three and one-half bushels per acre.

The fertilizer demonstration consisted of four treatments, applied side by side on a uniform part of the 12 acre field. The first treatment, no fertilizer at all, resulted in 33 bushels of oats per acre. The second, which was 300 pounds of 4-10-6 put on when the oats were planted, made 52 bushels per acre. In the third treatment no fertilizer was applied at planting, but on March 1 the oats were top-dressed with 150 pounds of nitrate of soda per acre. This treatment gave a yield of 56 bushels of oats.

The fourth treatment was a combination of the second and third; that is 300 pounds of 4-10-6 were applied at planting, and 150 pounds of nitrate of soda on March 1. This plan of fertilization made by far the best yield of all, 63 bushels per acre.

"In other words, good fertilization, with complete fertilizer

Tire Dealers Required To Have Inventory

Tire dealers in Macon county are required to have a complete inventory of their tire stock and Parts B at the close of business, June 30, J. L. Orr, Chairman of the War Price and Rationing Board, said.

Dealers, who fail to register their June 30 inventory with OPA before July 10, may not legally transfer rationed tires after that date.

During the period July 11-25, OPA's Enforcement Division will conduct a survey on dealer compliance, aimed especially at failure to register, failure to keep proper records, and failure to maintain accountable inventory, Mr. Orr said.

To assure that the available supply of tires are used for the most essential wartime uses, from now on, all tire certificates will be channeled through OPA's Verification Center, he added.

At the same time, Mr. Orr urged all drivers of cars, especially drivers of cars "A" cards, to continue to recap tires.

Mr. Orr explained that tire failures increase as much as 30 per cent in hot weather and that the increased tire allocation is only sufficient to take care of the essential needs of "B" and "C" card holders.

"Our civilian supply of tires is still far short of the heavy demand," Mr. Orr said. "The months ahead will provide a crucial test of whether we can keep essential wartime transportation rolling."

and nitrate of soda made 35 bushels more than no fertilizer, 16 bushels more than fertilizer alone, and 12 bushels more than nitrate of soda alone," Blair says.

If you get a good crop of red bugs at the Sunday School picnic, try rubbing a good, thick layer of moist soap on each place, and leave the soap on.

The experts say that the average vitamin A value of creamery butter is more than 15,000 International Units per pound, but who has a pound of butter?

The average yield of alfalfa is about 2 tons per acre. Alabama growers have obtained this yield at the first two cuttings and hope to get two additional cuttings.

ATHLETES FOOT GERM
HOW TO KILL IT
Successful treatments must be more than surface applications. Many remedies do not penetrate sufficiently. Requires a strong PENETRATING mobile liquid. Undiluted alcohol is good. Alcohol is the only solution we know of made with 90% alcohol. REACHES MORE GERMS FASTER. FEEL IT PENETRATE. Get 35¢ worth at any drug store. Today at Angel's Drug Store.
