LT. JAMES R. HURST AWARDED AIR MEDAL

First Lieutenant James R. Hurst, pilot, of Route 1, Franklin, has been awarded the Air Medal, it was announced by Brig. Gen. William H. Tunner, commanding general of the India China Division, Air Transport Command.

The award was made upon completion of 250 hours of operational flight in transport aircraft over the dangerous and difficult India-China air routes, where enemy interception and attack was probable and expected.

The air trail over the Hump, famed route through the towering peaks of the Himalaya Mountains, blazed by the Air Transport Command, is recognized by airmen as the world's toughest. Today the Hump route is the main lifeline of vital military supplies for Allied forces fighting the Japanese in China.

The citation accompanying the award adds: "Flying at night as well as by day, at high altitudes over im-

passable, mountainous terrain through areas characterized by extremely treacherous weather conditions necessitating long periods of operation on instruments... requiring courageous and superior performance of his duties to overcome, he accomplished his mission with distinction."

The award was made for the period of service from February 26, 1945 to May 8, 1945.
