Christian Science Chapel, Main street, opposite the Postoffice, 11:00 a. m. Sundays, through September.

## Religious Emphasis Week To Be Observed At Highlands Church

The Highlands Methodist Church will observe Religious Emphasis week, beginning Sunday morning, September 9, according to an announcement made today by the pastor, Rev. W. T. Medlin, Jr.

The pastor will bring the first message on Sunday morning, and beginning Monday night at 8 p. m., and continuing through Friday night, the services will be conducted by Rev. Ralph H. Taylor, pastor of the First Methodist church, Murphy, N. C.

Mr. Taylor is one of the most outstanding ministers of the Waynesville District, noted for his pulpit ability, and great success as a pastor. He is Director of the Commission on Evangelism of the Waynesville District.

These services are just what the name implies, said Mr. Medlin, the emphasis for the week to be on spiritual and religious values in a fast changing world.

The public is cordially invited to attend all of these services.

## Funds For Development Of Reinke Memorial

A special fund has been started for the development of the Reinke Memorial Library through a contribution from the Dr. C. K. Wall family of Highlands and Thomasville, Ga. This is a scientific library intended for the use of research workers at the Highlands Biological Laboratory. A nucleus of books has been provided by the Reinke family through the gift of the library of the late Dr. E. E. Reinke.

The committee in charge of the library consists of Dr. Thelma Howell, Prof. W. McA. Deacon, Mrs. C. K. Wall, Miss Gertrude Harbison and Dr. Ralph M. Sargent. Funds will be used to classify the library, provide book plates and proper housing. Gifts to the fund will be welcomed by the committee as well as volumes and pamphlets in any branch of the biological sciences.

## Generous Respond To Membership Campaign

In announcing that she expects the membership campaign for the Highlands Museum and Biological Laboratory soon to reach and pass its goal, Mrs. F.

## Judge Lee Meriwether Rotary Speaker

Judge Lee Meriwether, special assistant to the American Ambassador to France during World War I, and who later spent some time in Japan, was principal speaker at the Tuesday supper meeting of the Rotary club held at Highlands Grill. Mr. Meriwether talked on the national situation and was able to give first-hand knowledge of Japan because of his several visits there. He is a guest at Highlands Manor this season.

On Tuesday night of next week the Rotarians hope to have Miss Euyang, student at Wesleyan college, Macon, Ga., under the Madam Chiang Kai-Shek scholarship, as speaker. Miss Euyang possesses a charming personality and is an interesting speaker. She has recently spoken before a number of Kiwanis and Rotary clubs in South Georgia cities.

## School To Open Thursday, September 13

Highlands school will open Thursday, September 13th, with the following teachers and their grades: Miss Veva Howard, first grade; Miss Nina Howard, second grade; Miss Virginia Edwards, third grade; Miss Lois Keener, in the primary department; Miss Marion Lester, fourth grade; Miss Ethel Calloway, fifth grade; Mrs. Estell Stegall, sixth grade. High school teachers include O. F. Summer, principal; Mrs. Annie W. Pierson and W. C. Newton.

There are two vacancies yet to be filled on the teaching staff.

## Personal Mention

Mrs. George Saussy and family left Sunday to return to Columbia, S. C., after spending the season at their summer home "Highfield" on the Wall-halla road. Going down with them were Mr. and Mrs. W. J. Inglesby of Savannah and Mrs. E. H. B. Perry of Charleston, who had been guests at the Saussy home for the past two weeks.

Mrs. Callie Beale is in receipt of a letter from her son, Staff Sergeant John E. Beal, who has had 30 months of foreign service.

W. Alstaetter, chairman of the finance committee, reveals that the people of Highlands have this year responded more generously than ever before. Two new life memberships have been received; 34 have joined as contributing members, 34 as annual members, and 29 as associate members.

One friend of Highlands, joining as a life member, wrote: "I can't express the pleasure it affords me to be even a tiny part of any thing as meaningful as the Highlands Museum and Biological Laboratory. This is surely science in its happiest channels." Colonel Ralph Mowbray, chairman of the drive, hopes to receive further memberships in the next few days.

The various benefits held this summer have also proved of great value to the Museum and the Laboratory. As a result, plans are being formulated for a full season of activities next summer, both for the museum and the laboratory. Suggestions have been made for several exhibitions at the Museum. Requests have been received that the Museum hold a special display of its rare Indian collection, gathered by early settlers in Highlands. Displays of mountain handicrafts, and of wild life, are also being considered. Dr. B. E. Fernow, of Clemson college, will be chairman of the Museum Activities committee next year.

## REV. RALPH H. TAYLOR

Pastor of First Methodist Church of Murphy, N. C.

ice with the U. S. Marines, stating that he had returned to duty in the Pacific.

T/5 G. W. Edwards has returned to Durham, after a short visit here with his mother, Mrs. Grover Edwards. T/5 Edwards spent several years overseas. Other recent guests of Mrs. Edwards were Mr. and Mrs. Arnold Garris and daughter Jeanette of Macon, Ga. Mr. Garris has been connected with construction work in the Aleutian Islands for the past two years, and expects soon to be transferred to Guam.

Mr. and Mrs. J. B. Watkins were weekend guests of their daughter, Mrs. Allen Whitworth and family in Toccoa, Ga., where they attended the State singing convention on Sunday.

Mrs. Sara Gilder and her niece, Mrs. H. H. Bailey, Sr., have returned to their home on Satulah road after being guests at Highlands for the past two months while their cottage was occupied by Dr. and Mrs. Julian F. Chisholm of Savannah, Ga.

Mrs. James Lowe and children of Wilmington have been visiting Mrs. Lowe's sister, Mrs. Tom Harbison and family for several weeks.

Captain George Saussy, Jr., U.S.M.C., has returned to the United States after two and a half years of foreign service. Following a 21 day furlough he will report for reassignment.

J. E. Rideout of Washington, D. C., who was called here because of the death of his aunt, Miss Darthula Rice, is visiting his sister, Mrs. W. J. Beacham at the Beacham summer home in Shortoff, and other Highlands relatives.

The beautification of the grounds at the town hall has been very much admired and enjoyed this summer. The giant dahlias grown by Jack Wilcox, town clerk, form a colorful background for the white hydrangeas that alternate with shaped hemlocks along the sidewalk.

Mr. and Mrs. Charles du Bignon left Wednesday to return to Miami, Fla., after a visit with Mrs. du Bignon's aunt, Mrs. S. T. Marett at her home on Main street.

Mayor and Mrs. W. H. Cobb have had as their guest the past two weeks, Mrs. Cobb's niece, Miss Ann Perry of Charleston, who returned home Sunday. Their daughter, Miss Marna Cobb, spent last week in Walhalla, S. C., visiting Miss Jody Brown.

Lieut. and Mrs. Grigsby Wotton of Highlands and Atlanta have announced the birth of a son, John Alfred Wotton, III, in Piedmont Hospital on September 1st. The baby is the grandson of the late John Alfred Wotton and of Mrs. Jamie Wotton of Athens and Highlands.

Bobby Abbott is spending a week's vacation in Miami, Fla., before returning to his school studies in Walhalla, S. C. Bobby assisted his uncle, W. H. Cobb, in Highlands Hardware store this summer, where he made many friends.

## IF

If you can keep your head and calmly ponder  
How silly spending drives the prices high;  
If you can save the cash you'd like to squander  
And only buy the things you need to buy;  
If you can do your part to fight inflation  
By simply being thrifty with your pennies,  
You'll do a vital service to the nation  
And—furthermore—you'll benefit yourself.

## Place Pullets In A Clean Laying House

One of the most important jobs for the poultryman at this period of the year is the cleaning and disinfecting of the laying house, making sure that all mites have been killed.

C. J. Maupin, Extension poultryman at State College, has suggested that all dirt and dust be removed from the floors, walls, and nests. The floors should then be scrubbed with a lye water solution, using one ounce of lye to each gallon of water. The usual small can of lye contains 13 ounces of material and this should be mixed with 13 gallons of water. The house should be well ventilated for about two weeks after the treatment so that no pockets of lye water remain.

To kill mites, paint the roosts, dropping boards or pits with carbolineum, crank case oil, gas tar, or other preventive material.

In moving the pullets from out-doors into the confinement of the laying house during hot weather, Maupin suggested that the houses be given maximum ventilation so that the pullets would not suffer from the heat.

He also suggested that the older pullets be separated from the younger pullets because in this way larger egg production is obtained.

If pullets have not been vaccinated against fowl pox, this should be done because the disease may cause a serious reduction in egg yields.

The best pullets are produced on a clean range where they are furnished plenty of cool water and a good grade of growing mash. Maupin pointed out that growing birds need the protein, minerals, and vitamins contained in mashes as well as those found in grain. Where grain is fed in hoppers with the growing mash, pullets can balance their own diet.

Dellous Creech of Garner in Wake County marketed about \$150 worth of okra per acre from 13 acres to the crop during the first three weeks of July, says Assistant County Agent Bruce Butler.

Don't plant wheat in grazing crop mixtures because of the danger of Hessian fly damage, says J. Myron Maxwell of State College.

## ATHLETES FOOT GERM Kill It For 35c

IN ONE HOUR, it not pleased your 35c back. Ask any druggist for this powerful fungicide, TEOL. Its 90% alcohol, makes it PENETRATE. The germ can't be killed, unless reached. Feed it PENETRATE, reaches more germs. APPLY FULL STRENGTH for itchy, sweaty or smelly feet. Today at Angel's Drug Store.

## Herb's Got a Great Little Wife

Everybody's talking about what a grand job Herb Helm is doing at the war plant. Not just one shift, but two a day—to help build the war materials our men need.

Good for Herb! But I'd like to say a word for Mary, Herb's wife. She runs the house, cooks the meals, takes care of the children, and works on salvage drives and bundles for the Red Cross. Believe me, that's tiring work for any woman!

Yet when Herb comes home—too tired to talk or watch where

he drops his ashes, maybe—she makes allowances, keeps smiling, brings him a restful glass of beer, and makes enough conversation for them both. Next morning, Herb goes to work refreshed and cheerful.

From where I sit, women like Mary Helm are doing a great war job themselves... being tolerant and kind to husbands who are working under a heavy wartime strain. Bully for them!
