## 65-Year-Old Makes Fortune Growing Stark Bro's Famous Record-Bearing Apple Trees

Beginning at 65, with small capital and no experience, A. Johnson amassed a fortune of \$40,000.00. Formerly in the grocery business, his health failed, then he decided to plant Stark trees, and secured a little "patch" of rough land on which to start. After some time, his gross income for one year was \$13,000.00, and he refused \$40,000.00 for his orchard! At 86 his health is good.

Carl Kirn sold over \$40,000.00 worth of apples from his "hilly land" orchard, which was too steep for ordinary farm crops. Stark Bro's Golden Delicious, Starking and Young-Bearing Jonathan brought him greatest profit. Some Golden Delicious bore at two years—a good crop at 3 to 4 years—and every year since. Some trees brought him as much as \$52.00 in a single year. Sold his entire crop at \$3.50 per bu. on the trees!

With Stark trees and their free expert advice you can do the same right here in Macon or adjoining counties.

**Two-year-old Stark Golden Delicious bore apples in 38 states, South Carolina, Georgia and North Carolina included.**

Beware! Get genuine STARK whole-root trees, sold and guaranteed only by STARK BRO'S NURSERIES, now represented by—
