BEER—The Beverage of Moderation

Let's Take A Look at the Brewers Foundation

Question: What is the chief function of the North Carolina Committee of the Foundation?

Answer: To see to it that beer and ale are retailed under conditions in keeping with the strict demands of public opinion and the high standards of the brewing industry itself.

Question: How are the Committee's aims accomplished?

Answer: Field men visit beer outlets regularly. If undesirable conditions are found, dealers are advised. Most dealers want to cooperate and welcome suggested improvements.

Question: Suppose these suggestions are not carried out?

Answer: The retailer is reported to the licensing authority having jurisdiction, with a request that his license be revoked or suspended.

If you drink beer, please patronize only reputable places.
