CAR INSPECTION LANE WILL OPEN HERE MONDAY

Will Be Situated At Foot Of West Main Street Town Hill

A mechanical inspection lane for motor vehicles will open in Franklin next Monday, and will be here through May 25, it was announced this week by C. P. Sawyer, lane supervisor for District No. 1.

The Franklin lane will be situated at the foot of the West Main street town hill, and that section of West Main street between the Log Cabin building and the old Georgia road will be blocked off from traffic, except for vehicles entering the lane and for persons who live on that section of Main street.

The lane will be open the first day, it was explained, for vehicles owned by the state, the county, and towns. Garage owners and mechanics also are invited to attend the opening day. The lane will be open Tuesday and thereafter to the public. It will be open all day Monday through Friday, and until noon on Saturday.

The driver of every vehicle coming to the lane for inspection must have his driver's license and the registration card for his vehicle, it was pointed out.

Vehicles approved will be given a blue North Carolina-shaped stickers. Those rejected will be issued red stickers, and will be given a fixed time within which to have the necessary repairs made and return for recheck.

Mr. Sawyer and four inspectors—Sanford E. Mann, of Franklin, Bruce Lunsford, of Murphy, Ed Patterson, of Hayesville, and J. B. Powell, of Bryson City—will make the inspections, and it was said that they will inspect an average of one vehicle every five minutes.

Under the mechanical inspection program, every motor vehicle registered in North Carolina must be inspected during 1948.

Macon Youth Wins Top Score At 28-County Judging Meet; Franklin FFA Team Second

Bo Setser, 15-year old son of Mr. and Mrs. Bryan Setser, of the Cartoogechaye community, came back home from the regional livestock judging contest in Statesville last Saturday bringing the top honors with him.

Competing against 47 Future Farmers of America, entered from 28 Western counties, the Cartoogechaye youngster made the highest score.

The Franklin judging team, made up of Setser, Bob Tippet, and Foy Dryman, placed second in the contest. Young Tippet is the son of Mr. and Mrs. Edgar Tippet, and Dryman is the son of Mrs. Belle Dryman.

By making the second high mark, the Franklin team, along with the group in first place,

won the right to represent the region in the state contest in Raleigh in June. The Raleigh competition will determine who will represent the state in the national contest in Kansas City next fall.

Hereford cows, fat steers, and Hampshire hogs made up the classes of animals that were judged by the Franklin team. E. J. Whitmire, vocational agriculture teacher at the Franklin High school, coached the local team and went to Statesville with the three boys.

It was the second win within a fortnight for the Macon County boys. They won the right to enter the regional contest when the team placed first in the area contest at Waynesville May 1.

B. L. M'GLAMERY NAMED TO HEAD FRANKLIN C. C.

Frank Murray Employed As Secretary; Bcoth Opened For Season

B. L. McGlamery, agricultural agent for the Nantahala Power and Light company, is the new president of the Franklin Chamber of Commerce.

Mr. McGlamery and other officers of the organization were chosen at a meeting of the newly elected board of directors last Wednesday evening, when plans were outlined for the year's work.

The other officers are W. C. Burrell, head of Burrell Motor company, vice-president, and Frank B. Duncan, Duncan Motor Company, president, was reelected treasurer.

It was decided to seek a secretary a person who is available for full-time work during the summer months, serving in the information booth of West Main street and handling correspondence, and for part-time work during the winter season, so that someone will be responsible at all times for answering inquiries and transacting other chamber of commerce business.

A committee, made up of Mr. Duncan, Mr. Burrell, T. W. Angel, Jr., and T. H. Fagg, was appointed to select a secretary.

The committee the latter part of last week employed Frank I. Murray as secretary, and Mr. Murray opened the information booth and began his duties Monday morning.

With a view to transacting business promptly, and otherwise to develop this county, it was decided to hold meetings at regular intervals, with called sessions when necessary. The directors voted to meet the second Tuesdays in June, July, August, and September, and on the second Tuesdays of alternate months thereafter.

The directors also made plans, at last week's meeting, for Tuesday night's gathering to organize for the annual membership campaign.

Seek \$2,000 For Chamber Work In '48

The 1948 membership campaign of the Franklin Chamber of Commerce got under way Wednesday, following an enthusiastic meeting Tuesday night of the directors with nearly a score of interested citizens who were asked to conduct the drive for members. A budget of \$2,000 for the year's activities is sought.

President B. L. McGlamery, in opening the meeting, said there are many important projects which the chamber of commerce might well sponsor. He mentioned, among others, an effort to obtain city mail delivery in Franklin; a survey of the community's industrial possibilities, and publication and distribution of the information obtained; and advertising for tourists.

In commenting on the latter, he emphasized that many persons who come here for a vacation are likely to become permanent residents, and he added that every tourist spends a considerable amount of money, and each dollar is re-spent here many times.

An immediate need, he added, is a current directory of accommodations for distribution. This annual directory, he pointed out, lists all tourist camps, hotels, tourist homes, eating places, etc.

He emphasized the point that money spent for advertising is
