Plaques

Commemorating War Dead Erected

Two attractive bronze plaques, bearing the names of Macon County's dead of World Wars 1 and 2, were placed on the front

of the courthouse here Friday. The plaques will be dedicated in a ceremony, planned by the American Legion Auxiliary, to be held Sunday afternoon, May 28. While the general public is invited to attend this service, all relatives of the 91 Macon County men who gave their lives in the two world wars are especially invited, it was explained.

The plaques cost \$1,160, and the inscription explains that they were erected by the people of Macon County. The money came in chiefly in small donations, Gilmer A. Jones, who has pushed the project, explained, much of the fund having been raised by school children who gave their quarters and halfdollars. When all but \$280 had been raised, the Macon County Memorial association contributed that sum.

The plaque on the left side of the courthouse entrance bears the names of the 16 dead of World War 1, and that on the right, the names of the 75 who died in World War 2.
