### HOW MACON COUNTY BEATS THE HEAT

—Staff Photo by J. P. Brady

When the mercury climbs, Macon folk, from eight months to 80 years, beg'n looking for the coolest spots in the county. One of the coolest, and it's an even bet that the water is THE coldest, is the Cliffside lake area, maintained by the Nantahala Forest service. Drawing yearly attendance estimated at over 25,000, the Cliffside area boasts an eight acre lake, bath houses, open fireplaces, and shelters.

#### Potential Draftees May Enlist In Army, Air Force

Macon County men who have received pre-induction examinations at the Charlotte induction station and are awaiting induction may volunteer for enlistment in the U. S. Army or U. S. Air Force through August 31, according to Cpl. Clay Hensley, local army and air force recruiter.

However, the recruiter pointed out, enlistments are now on a quota basis, and enlistees will be placed on a waiting list. For the benefit of women high school graduates, Cpl. Hensley pointed out that enlistment period in the Women's Army corps has been reduced to two years.

The recruiter also said army and air force recruiters have been placed on a six-day week

#### Pfc. Guest Awarded Combat Infantryman's Badge On Korean Front

Pfc. George C. Guest, son of Mrs. Nina Guest, of Franklin, Route 4, has been awarded the combat infantryman's badge in Korea while serving with the 5th Cavalry regiment, according to the regiment's information office.

The badge, awarded only to front-line combat infantrymen, distinguishes the actual fighting men from rear area and service troops in a combat zone. The badge consists of a miniature replica of a Revolutionary

work schedule and announced that he would be on duty in Franklin Tuesday and Saturday of each week at Angel's Drug store, instead of just Tuesday as in the past.

#### Customers' Corner

Have you noticed that chickens generally are plumper, meatier than they were a few years ago?

The principal reason for this is the "Chicken-of-Tomorrow" breeding program, sponsored by A&P with the cooperation of the poultry industry.

This six-year program has resulted in chickens that mature when they are younger and more tender, and have more meat in relation to bone.

Why don't you try the superior chickens at your A&P and let us know what you think of them? Please write:
