to adjust himself to his environment.

The Franklin Garden club has taken on the landscaping of the grounds of the Franklin and East Franklin schools as a project, and Mrs. R. G. Lichtenstein, chairman of the club's beautification committee, outlined the plan that has been adopted for the Franklin school grounds. Shrubs to be used are, mostly

native, she pointed out, including rhododendron, mountain azalea, holly, dogwood, junipers, English ivy, and spiraea.

She invited suggestions from P. T. A. members, and asked for their cooperation. Donations of plants and use of trucks for hauling the plantings to the school are especially needed, she said.

The Rev. Hoyt Evans conducted the devotional.

basketball honors this week by chalking up victories over Robbinsville and Murphy cagers.

Tuesday night on home ground the local lads hooped out a 52 to 25 win over Coach "Ike" Olson's Murphy cagers, although they were pre-game underdogs. The Franklin lassies racked up an equally one-sided victory over the Murphy gals, 50 to 13.

Friday night the male cagers rolled over Robbinsville 35 to 24, and the girls tucked away a 34 to 24 battle.

Caging this week sends the locals out of town for two games—Highlands—Friday night, and Greenville—Tuesday night.

Nantahala High teams will take on Bryson City on the home court Friday night, and will journey to Webster for a cage duel Tuesday night.

ment to the highway commission that the state match the federal funds. Since it is the policy of the commission to match all federal highway funds, that also is considered a formality.

Mr. Thrash was unable to say when surveys can be begun, but said he would ask the state for early action. How much of the present road, which leaves Highway 64 at Kiser's store, will be re-located will be determined by the survey. The present road was built and is now maintained by the Nantahala National Forest. Under the plan, it is understood, the state would take over maintenance of the entire highway, from Kiser's store to the Nantahala school.

The type of road to be constructed has not been learned, but it is expected that it will be similar to the present black-top road from Kiser's store to Cold Spring.

NEWS about PEOPLE

MRS. WHITMIRE GIVES SHOWER FOR MISS MOORE

Miss Betty Lee Moore, who was married Sunday to S. Sgt. Paul Woody, was honored by Mrs. E. J. Whitmire Wednesday evening of last week with a miscellaneous shower.

The bridal motif was observed in the decorations and refreshments.

Mrs. Whitmire was assisted in serving by Miss Mary Ann Killian, Miss Martha Ann Stockton, Miss Laura Lyle, Miss Wilma Renshaw, Miss Jewel Reece, and Miss Betty Lou Constance.

Approximately 40 guests attended.

Fulton and Mrs. Roane Bradley won the attendanee prizes.

Committee Gives O. K. To 5-Point Legislative Plan

The legislative committee of the local unit of the N. C. Education association last Thursday endorsed a five-point education program recently adopted by the N. C. United Forces for Education.

The group's recommendation will be sent to the N.C.E.A., and also it is planned to introduce it at a session of the local Citi-

Corn Meal

Enrichment Educational Program Planned

A state-wide educational program on enrichment of corn meal will be conducted in North Carolina in 1952, according to Miss Ruth Current, state home demonstration agent for

zens. Committee for Education, slated for January 31, association officers said.

the State College Extension service.

Miss Florence Cox, Halifax county home agent since 1942, has accepted a one-year appointment as extension nutritionist to conduct the program, which has been made possible by a grant from the Williams-Waterman Research Foundation of New York.

Miss Cox developed in Halifax county one of the state's first programs aimed at improving corn products used for human

consumption. In her new post, she will work closely with corn millers throughout the state, as well as with agronomists, entomologists and other personnel of State college, the North Carolina Department of Agriculture, and other agencies.

For two straight years, reserve feed stocks in the United States have gone down while livestock numbers have increased.
