V. F. W. Auxiliary Installs Officers; Committees Named

New officers of the local Veterans of Foreign Wars post auxiliary were installed by Mrs. Elizabeth McCollum, past president, at ceremonies Monday night at the post home on Palmer street.

Mrs. Marie Barnard, the retiring president, was presented a past president's pin. Committees also were appointed for the year.

Officers installed included Mrs. Anne R. Murray, president; Mrs. Lasca Horsley, junior vice-president; Mrs. Rachel Fagg, treasurer; Mrs. Byrda Nell Perry, secretary; Mrs. Hazel Blaine, chaplain; Miss Ruth McCollum, conductress; Mrs. Katherine Weiss, guard; Mrs. Clyde Slagle, Mrs. Mildred Perry, and Mrs. Annie L. Welch, trustees; Mrs. Marie Barnard, patriotic instructor; Mrs. Annie L. Welch, Mrs. Mildred Perry, Mrs. Edith Reeves, and Mrs. Elizabeth McCollum, color bearers; Miss Ruth Angel, historian; and Mrs. Neal Johnston, musician.

Committee appointments were: Bloodmobile: Mrs. Elizabeth McCollum, chairman, and Mrs. Pauline Garrison.

Entertainment: Mrs. Annie L. Welch, chairman, Mrs. Rachel Fagg, and Mrs. Clyde Slagle.

Hospital: Mrs. Hazel Blaine, chairman, Mrs. Alice Plyler, and Mrs. Katherine Weiss.

Investigation: Mrs. Lasca Horsley, chairman, Mrs. Lena Arnold, and Mrs. Byrda Nell Perry.

Membership: Mrs. Marie Barnard, chairman, Mrs. Marjorie Cabe, and Miss Ruth Angel.

Programs: Mrs. Lucille Angel, chairman, Mrs. Neal Johnston, and Miss Elizabeth Meadows.

Publicity: Mrs. Katherine Perry, chairman, and Mrs. Nina Sutton.

Rehabilitation and Community Welfare: Mrs. Grace Jamison, chairman, Mrs. Pauline Buie, Mrs. Jean Welch, and Miss Ruth McCollum.

Ways and Means: Mrs. Mildred Perry, chairman, Mrs. Edith Reeves, and Mrs. Helen Grant.

Youth: Mrs. Rachel Fagg, chairman, Mrs. Gertrude Galley, and Mrs. Ruth Williams.

Urges Increased Corn Production In Macon; Aid To Defense Effort

J. H. Enloe, Jr., chairman of the county agricultural mobilization committee, this week urged Macon County farmers to increase their 1952 corn production by using the best available varieties, fertilizers, and cultural practices.

Farmers in the state need to plant 2,300,000 acres of corn in 1952, an increase of about five per cent over the 1951 acreage, he said.

"Without a plentiful supply of feed grains," he continued, "it will not be possible to maintain the production of meat, eggs, and milk that will be needed by our increasing population in a high employment period. Any shortage of feed will result in a downward adjustment in the production of these animal products adding to inflationary measures and interfering with the progress of our national defense program."

At the request of Secretary of Agriculture Brannan, a nation-wide effort is being undertaken to increase feed grain production and all agricultural agencies are cooperating in this to lend all possible assistance to farmers in planning for higher corn production in 1952, the county chairman said.

State College Answers Timely Farm Questions

Q. Should milk cows be grazed on rape?

A. Dr. George H. Wise, head, animal nutrition section, State college, says rape is used chiefly as a pasture crop for swine and sheep. It is also satisfactory for cattle, but there are several precautions to observe.

If the cows are milking, they should be removed from the rape pasture four or five hours before milking to prevent off-flavor of milk. Plenty of salt should be provided to check any undue laxative effect. Finally, to reduce chances of bloat, the animals should be fed dry coarse feeds, such as hay, before they are put on the rape pasture.

Dr. Wise says it is advisable to check the animals frequently during the first several days to detect any bloating before it reaches the advanced stage.

Q. What are package bees?

A. These are just ordinary bees put up in packages for shipment and sold by the pound. A queen bee usually accompanies the shipment in a separate little cage of her own.

W. A. Stephens, beekeeping specialist for State College Ex-

tension service, says the business of producing package bees is confined more or less to the Southern states—but it's big business. In 1951, some 712,000 pounds of bees were shipped. Usually the packages weigh two pounds and contain 7,000 to 8,000 bees.

State College Hints To Farm Homemakers

The word "energy" in connection with food often is misunderstood because it has many meanings. To the nutritionist as to the engineer, energy means power from fuel or heat, and often is measured in the calories or heat units. But more popular meanings of the word "energy" are vim, vigor, vitality, or even spirit.

Thus a homemaker may conclude that the more "energy foods" her children eat, the more energetic they will be. And she may suppose that a food described as a "quick source of energy" is needed especially by anyone who is fatigued or listless.

Just the contrary may be true, nutritionists tell us. The so-called "high energy foods" are the starches, sugars and fats, because they are the chief sources of fuel or calories for the activity of the body. But if used in excess these foods are stored as fat; thus they may make a person feel less energetic. Too many of these "energy foods" in the diet may cut down on other nutrients, such as vitamins or protein which the body needs for nutritional well-being and normal vim and vigor.

The term "fuel food" may be preferable to the more widely used "energy food" to prevent this common misunderstanding.

If thought is put into the planning and the garment is completely changed, a youngster will be proud to wear a suit or coat made from daddy's. Be sure the material is suited for children's wear. An adult's

Local Sailors Celebrating 52nd Birthday; Not Theirs Tho', The Submarine Force's

topcoat of a very heavy nubby tweed will be inappropriate no matter how good the material is.

It isn't necessary to have a lot of land to do a good job of farming, believes W. J. Wells, of Cherokee county. On his 40 acres, Wells operates a 15-cow dairy and has built up a laying flock of 970 hens.

CARD OF THANKS

We wish to thank our friends, neighbors, and relatives for the kindness shown us at the death of our husband and father, Guy Paul.

The Family.

New London, Conn., April 11.—Leonard R. Guest, gunner's mate first class, and Albert H. Edwards, seaman, are celebrating a 52nd birthday here today.

No, they're not that old, but the navy's submarine force is.

They are crew members aboard the submarines Greville and Tusk, respectively, being featured during anniversary celebrations here today.

Gunner's Mate Guest is the son of Mrs. Grace M. Guest, of Franklin, and Seaman Edwards is the son of Mr. and Mrs. Daniel G. Edwards, of Highlands.
