G. MASHBURN DIES SUNDAY AT HOME HERE
Rites For Macon Native Conducted Monday At Iotla
(Unavoidably omitted last week)
Funeral services for George A. (Uncle George) Mashburn, a former director of the Macon County Building and Loan association and a well-known brickmason, were held Monday at 2:30 p. m. at the Iotla Methodist church.
A native of Macon County, Mr. Mashburn died Sunday morning at his home on Palmer street at the age of 84.
Services were conducted by the Rev. C. E. Murray, pastor of the Franklin Methodist church. Burial was in the Iotla church cemetery.
Born August 16, 1867, Mr. Mashburn was the son of Moore and Mrs. Clarina Moss Mashburn, and he served for a number of years as a director and appraiser for the local building and loan association. He was a member of the Franklin Methodist church.
Surviving are one brother, Thomas H. Mashburn, of Blue Ridge, Ga., and a niece and four nephews.
Pallbearers were Bruce and Harve L. Bryant, Henry W. Cabe, Jim Palmer, D. A. Stewart, and Harve McConnell.
Arrangements were under the direction of Bryant Funeral home.

Commissioner Lists Road Work Here In March
Predicts More Paving Under Bond Program
Three Macon County roads were surfaced with traffic-bound macadam during March, according to L. Dale Thrash, 10th division highway commissioner.
The roads and their lengths are Gibson road, 0.2; Otter Creek road, 0.1; and Long Branch road, 0.1. All were financed by the second road bond program.
A total of 4.05 miles of paving and 4.40 miles of all-weather stabilization was done in the entire division in March, the highway commissioner said.
"The futher we get along in the bond road program, the brighter the picture in the 10th division looks. We are going to get more paving and mud roads rocked than we thought," Mr. Thrash declared in a recent letter to the board of county commissioners.
Some of the reasons are, he said: (1) the people have cooperated with us in giving rights-of-way by moving fences and other obstructions back and by accepting 12 foot wide pavements; (2) and the division is using rock in such large quantities that it is being purchased for as low as 56 cents per ton.
The good judgment and hard work of the highway engineers, supervisors, foremen, and all road workers has brought about increased mileage, the commissioner pointed out.

EAT WITH CARE | DIET WITH CARE

Medical researchers are constantly studying nutrition, and they have added greatly to our knowledge of the subject. They have proved, for example, that overeating is perhaps man's commonest dietary fault.
But they have learned, also, that too stringent a diet can cause serious harm if one is not careful to get a sufficient intake of vitamins and minerals. Thus, while one should eat with care, one should also diet with care. For guidance on your diet, consult your physician. And bring his prescriptions to us.

Two Seamen From Macon In San Diego

Seamen Recruits Jimmie E. Stanfield and Guy E. Holland, both of Macon County, are undergoing recruit training at the U. S. Naval Training center, San Diego, Calif., according to an announcement received here from the navy.
Seaman Stanfield is the son of Mr. and Mrs. David Stanfield, of Gneiss, and Holland is the son of Mr. and Mrs. Hardy Holland, of Cullasaja.
Upon the completion of the 11-week training period, the two Macon sailors will be assigned to duty stations with the fleet, or at some navy shore station, or will be sent to a service school for advanced training, the announcement said.

Seek Reaction Of Candidates To Legislation

Reaction of candidates to the legislative program being advanced by the state United Forces for Education is being sought by the Macon County Citizens' Committee for Education.
A questionnaire, listing the salient features of the legislative program, has been prepared by the citizens' group and will be given to candidates as they file for office in the coming primary, committee officials said.
Only one questionnaire has been sent thus far—to C. Tom Bryson, Macon County's representative to the 1951 General Assembly. Mr. Bryson, who recently announced his candidacy for reelection, by answering yes to each of the points of the program, indicated that the legislation would have his support.
Following are the questions asked:
Will you favor an appropriation which will allow the state board of education to reduce our present class size to 30 pupils?
Will you favor a beginning salary of \$2,600 for a four-year college graduate holding an A grade certificate? Will you also favor an increment of \$125 per year for each of 12 years? Will you also favor a commensurate increase in the salaries of school personnel other than teachers?
Will you favor an appropriation which will allow the state board of education to allot money for the employment of

attendance personnel for our schools?
Will you favor an appropriation sufficient to meet increased cost of current expense items and to provide additional required services and supplies?
Will you favor a state-wide bond issue sufficient to complete the school building program, the funds to be distributed on the basis of need and ability to pay?
Will you favor legislation intended to meet these additional needs? (Extended term of employment for teachers and principals; improved sick leave provisions; additional retirement benefits; employment security; expansion of school health, special education, and vocational education programs; more adequate supply of school buses).
