Forester Reports To Wayab District

A new junior forester has reported for duty on the Wayab District of the Nantahalas. He's Phillip McCollum Clark, a native of Jersey Shore, Pa. He comes here from Mifflinburg, Pa., where he worked for the state. The Clarks and their two

children are living in Mrs. Margaret Cooper's house on West Main Street.

DOCTOR VISITING HERE

Dr. Lloyd B. Kingsbery, who is head of Orthopedic surgery division of the United Fruit Company in La Lima, Honduras, is here for a few days visiting his parents, Mr. and Mrs.

E. C. Kingsbery, at their home on White Oak Street. Dr. Kingsbery is en route from Geneva, Switzerland, where he spoke on "Pollomyelitis and Orthopedic Surgery in Honduras" at the meeting of the International College of Surgeons.

As far back as 1904, Franklin had eight general merchandise stores.

FIRST CHURCH BIBLE SCHOOL SCHEDULED

'Preparation Day' Slated For Sunday; School For Monday

The First Baptist Church's annual two-week daily vacation Bible school is scheduled to open Monday morning with Mrs. Curtis Pearson as principal.

Hours daily through Friday will be 9 to 12 noon.

"Preparation Day" will be Sunday at 5:30 p. m.

For the Bible school, Miss Judy Hooker will be pianist and Miss Nancy Angel will be in charge of the music.

Mrs. Verlon Swafford and Mrs. R. D. Carson are in charge of refreshments. Mrs. Carson is secretary.

Workers, by departments, include:

Nurse; Mrs. Naaman Elliott, superintendent, Mrs. Rondal Con-Kathryn Alexander.

Beginner A: Mrs. Fred Vaughn, superintendent, Mrs. Fred Salain, Mrs. Hunter Young, and Mrs. Larry Welch.

Beginner B: Mrs. A. L. Whitaker, superintendent, Mrs. Paul Long, Mrs. Reid Womack, and Miss Ruth Holden.

Primary A: Mrs. Charlie Rogers, superintendent, Mrs. Ed Carpenter, Mrs. Clyde Bingham, and Miss Beverly Higdon.

Primary B: Mrs. Paul Kinsland, superintendent, Mrs. A. G. Cagle, Mrs. Paul Carpenter, and Miss Emma Watson.

Junior A: Mrs. Oscar Ledford, superintendent, Mrs. Frank L. Henry, Jr., Mrs. T. L. Jamison, and the Rev. M. W. Chapman.

Junior B: Mrs. E. W. Fisher, superintendent, Mrs. C. T. Taylor, Mrs. C. Banks Finger, and the Rev. M. W. Chapman.

Intermediate: Mrs. M. W. Chapman, superintendent, Mrs. T. W. Kiser, Mrs. Lee Tippet, and Mrs. J. D. Franks.

and assimilated; therefore, milk is easily digested.

10. Milk is essential to health. Adults should have a quart of milk each day, or its equivalent in dairy products. Children should have a quart of milk a day because it is necessary to proper growth and no food can take its place for the proper development of bones and teeth; therefore — milk is the best health-protecting food.

Think of these reasons. If we drank a quart of soda pop instead, what would happen? We wouldn't get the necessary essentials for good body growth and, therefore, we wouldn't be healthy.

If we drank soda pop all the time there wouldn't be any need for dairies.

In our country we have many beautiful dairy farms. We wouldn't enjoy the beauty as much if every where there is a farm there was a pop factory instead.

In the days of Pharaoh a person's wealth was measured by the number of cows he had. If that were so today there wouldn't be too many wealthy people.

One sure way of being healthy and staying healthy is to drink milk.

Can't you see now that "you never outgrow your need for milk?"

Patton Meet Conducted By 4-H Clubbers

By HUGH BLAINE
(4-H Reporter)

The Patton Rural Community Development Organization met June 7 at the community building with 4-H club members in charge.

Martha Blaine gave the devotional, using as her subject, "What I Would Like to be 20 Years From Now."

For the program this month, the 4-H club observed "Dairy Month". Miss Helen Cochran gave a food demonstration, using a milk product in making cottage cheese salads.

At a brief business session, plans were completed for entering a community float in the Franklin Centennial parade.

Dorothy Morgan won the attendance prize for the month. Refreshments were served by members of the club.

The next community meeting will be held July 5 with the men of the community in charge of the program.

AGENTS RETURN HOME

Assistant county agents James G. Flanagan and Robert McNeil returned from Raleigh Sunday after a week of in-service training at N. C. State College.

Back in 1767 — 188 years ago — an Englishman crossed the Atlantic and came to Macon County for special china clay.

CARD OF THANKS

We wish to express our thanks to our many friends and neighbors for the kind things they did for us through the sickness and death of our mother, Mrs. W. H. McCall. Also for the beautiful flowers.

The Children.

Remember . . .

DR. C. D. SMITH'S "A Brief History of Macon County"?

Price \$1

It's been out of print for years, but now The Press has reprinted it.

Copies of this fourth edition of the old book are now available at The Press office, or will be mailed, postpaid.

We have the NEW
PEN-FZ
FOR MASTITIS!

Most important news for dairy farmers in a long time is the new Dr. Hess wonder drug, PEN-FZ. Mastitis germs don't become resistant to this powerful combination of penicillin and nitrofurazone. Tested for more than two years, it's the most effective treatment ever developed. One tube treats a quarter.

May We Suggest For A Gift Or Souvenir AUTHENTIC MOUNTAIN GIFTS AND PRODUCTS

Here Are A Few Suggestions . . .

CENTENNIAL TOWELS

These are hand woven linen towels, beautifully designed with an appropriate Centennial motif. They will last until the next Centennial — well almost.

HAND WOVEN BASKETS, TRAYS, DISH MATS, AND ICE TEA COASTERS

For a gift that literally shouts "Mountain Craft" give a woven serving set. Really an article those who serve out of doors will appreciate.

ALUMINUM TRAYS

One of these handsome trays by a skilled artisan is a gift that will last a lifetime.

HONEY

Your choice of the light, fragrant Sourwood honey or the darker more full bodied Mountain Honey.

JAMS AND JELLIES

All these are made the "old-fashioned way" with no preservative added to taint the wonderful Mountain flavor. Honest, Jams and Jellies like these can hardly be found today.

HAND MADE WOODEN SOUVENIRS

Letter holders, Doll Furniture, and Steak Boards.

LINEN PLACE SETS AND NAPKINS

These are beautifully designed and done by a skilled and trained artist. They are beautiful.

HAND WROUGHT SILVER JEWELRY

The famous Stuart Nye Dogwood Jewelry in sterling silver or copper. Remember the design is never old and the material becomes more beautiful through the years.

Please remember these two things:

1. Our products are authentic Mountain Crafts made or grown in Western North Carolina.
2. We will be glad to mail gifts for you.

Look for "The Mountaineer". He is your friend.

This Week With Macon County Agents

By MRS. JESSIE D. CABE
(Assistant Agent)

Since June is "Dairy Month" and the emphasis is on drinking more milk, I am turning the column over this week to Nancy Cable, a leading 4-H club member in this county, who wants to show one never outgrows the need for milk.

We are living in the age of soda pops. To keep with the times we should forget about the drink that first started us growing — milk.

Milk is for babies anyway. We're big people, soon will be ready for college, and what is the use to drink milk now that we are practically grown.

This is what we hear today from many young people, and adults too, who think they're too old to drink milk.

If everyone decided there wasn't any use to drink milk the American race would gradually decline. It takes milk to keep us growing and going.

We never outgrow our need for milk.

There are 10 reasons why we should drink a quart of milk each day:

1. It contains more lime and phosphorous than any other food and these elements are of the best quality and in the necessary balance; therefore, milk is essential to the best development of bones and teeth.
2. It contains proteins of the best quality; therefore, milk builds good muscle.
3. It contains the best quality of certain necessary minerals; therefore, milk helps to preserve balance in the diet.
4. It contains substance such as minerals and vitamins, frequently lacking in many modern foods; therefore, milk helps correct the deficiencies of the average modern diet.
5. It contains valuable vitamins. Butterfat is known as one of the best food sources of the necessary Vitamin A; therefore, milk promotes growth and vitality and increases resistance.
6. It contains fuel foods such as fat and sugar; therefore, milk furnishes energy for warmth and work.
7. It contains iron of the finest quality, though in small amounts; therefore, milk helps to enrich the blood.
8. It contains an easily digested natural sugar; therefore, milk provides sugar in excellent form for children.
9. It is a liquid and easy to take, and the quality of its elements renders it easily digested

Super "88" Holiday Sedan.

and how it goes for you!

All across the 48 states . . . it's "88" . . . it's Ninety-Eight . . . it's Oldsmobile! You see them everywhere . . . they stand out anywhere! Financial Problems . . .

Who doesn't have them?

Generally, they result from one of two things: Either we have financial problems because we spend too much and save too little; or we don't manage our savings wisely.

Maybe a checking account would help you to keep better track of what you spend. Maybe a savings account with us would help you save systematically. Maybe it would be good business for you to borrow a little money to meet your immediate problem.

Whatever the problem, the chances are this bank can be helpful. We invite you to come in and talk it over.
