Beef stew seasoned with celery seed, bay leaves, pepper. Try cooking with a small amount of pickling spice.

Chicken — add a little onion, salt, and a bit of mace to chicken gravy. For fried chicken, a bit of poultry seasoning is fine in the gravy to give a different but pleasing accent.

Try rubbing just a little ground ginger on pot roast before cooking.

Veal is good with onion salt, celery salt, poultry seasoning.

**Vitamin C for Tired Feeling** — Many doctors are saying that children who "snack" between meals for that tired feeling should take orange juice, which provides Vitamin C and other important nutrients as well as sugar for quick energy.

**Good Breakfasts, Good Tempers** — Lack of breakfast not only affects the disposition, it is also bad for the health and mental alert-

ness, reports the family economics bureau of a large life insurance company.

**State College Answers Timely Farm Questions**

**Q.** How much milk is recommended by nutritionists for daily use?

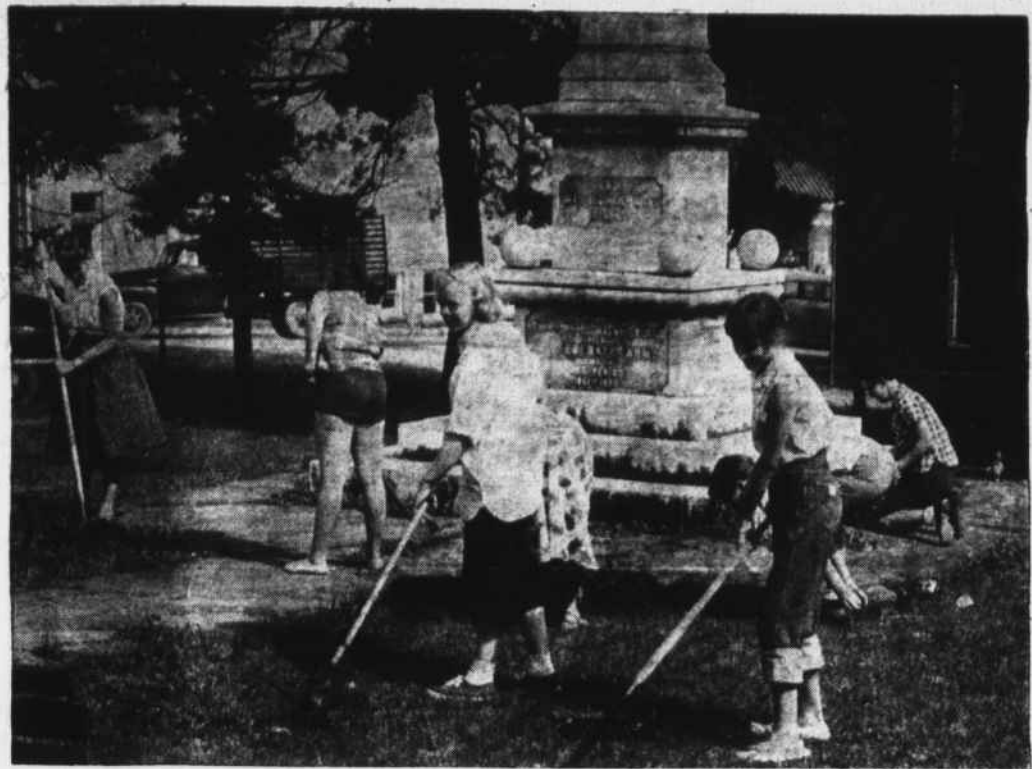

**A.** For children, three to four cups; teen-agers, one quart or more; adults, two or more cups; expectant mothers, four or more cups; and nursing mothers, six cups.

**Q.** What three nutrients, contained in milk are needed in the human diet in larger quantities than many people consume?

**A.** Most people need more calcium, riboflavin, and protein. Milk contains all three.

**Q.** Should you leave off milk when on a reducing diet?

**A.** No. Research has shown that a person on a reducing diet gets along best when he consumes more protein than usual. This is a good reason for including plenty of milk, particularly skim or buttermilk, in a slimming diet.

BUICK SPECIAL 2-Door, 6-Passenger Riviera, Model 46R

**They're making it the BIGGEST-SELLING BUICK OF ALL TIME**

*Maybe you'd better see for yourself why folks just won't do without this great car*

**PEOPLE** say success makes success—but we say *people* make success, and how!

It's people—just like you—who are snowballing Buick sales this year to an all-time peak.

It's people—just like your neighbors down the street—who are snapping up these gorgeous new Buicks almost as fast as we get them from the factory, and causing Buick production to climb to new levels every month, to handle the unparalleled demand.

And it's people—just about from every walk of life—who keep Buick sales soaring without letup—and who have moved Buick more solidly than ever

into the charmed circle of America's top best sellers.

**But why?** Why this phenomenal swing to Buick on the part of people who can choose *any* new car?

Because Buick's a buy—definitely.

And because it's a bold beauty that catches the eye and holds it—that's for sure.

And certainly because it's supremely level of ride—and a sweet joy to handle—and a mighty bundle of high-voltage V8 power to melt away the miles and the high hills.

But most of all, because Buick this year is a performer like no earth-bound vehicle ever was before . . .

Because Buick—and only Buick—has the airplane-principled magic of Variable Pitch Dynaflo\* where you switch the pitch for big gas savings in cruising—or for whip-quick getaway response and acceleration when you need a sudden safety-surge.

It's sheer thrill, and pure pleasure, and a big boon to your gasoline budget—and you really ought to try it.

Come visit us soon—this week, at the latest—and see for yourself why this is the car folks just won't do without—the biggest-selling Buick of all time.

\*Dynaflo Drive is standard on Roadmaster, optional at extra cost on other Series.
