

Maconians Are Appointed For Educational Meeting

A dozen Macon County persons were appointed last week by the state superintendent of public instruction as a committee to represent Macon County at the regional conference on education held in Asheville yesterday (Wednesday) afternoon. The twelve named are Erwin Patton, W. E. Baldwin, G. L. Houk, W. W. Reeves, Mrs. Florence S. Sherrill, O. F. Sumner, Miss Lassie Kelly, Harmon H. Gnuse, Miss Nora Moody, E. G. Crawford, Jack Angel, and Weimar Jones. Also attending was County Supt. Holland McSwain. The Asheville meeting was the last of six held in this state, in preparation for the White House Conference on Education, to be held in Washington the latter part of November. The theme of all the meetings is "American Education — 20th Century", with the empha-

Let's take a walk around the NEW '56 FORD!

1. We'd like to show you some of the things that make the Ford one of America's finest cars... though it's one of the lowest-priced. Let's start with these long, low lines. Looks like it hates to stand still, doesn't it?

2. Here, on your left, is the inspiration for the styling of the '56 Ford—the famous Ford Thunderbird. Look at those broad, flat hoods, for example. Here is styling that will stay in style.

3. Here's what you ride on. This frame has five cross-members including a special K-bar member up front. It can really take it! By the way, the control arms of Ford's Ball-Joint Front Suspension are angle-mounted to cushion out the head-on as well as the up-down shock of bumps.

4. The new 202-h.p. Thunderbird Y-8 will give you a new lease on driving enjoyment. It's available in Fordomatic Fairlane and Station Wagon models. You can have the "GO"-packed 176-h.p. Y-8 in Fordomatic Mainline and Customline models, or Ford's new 157-h.p. Six is available in any model.

5. Note the deep-center design of this new Lifeguard steering wheel. The wheel rim is over three inches above the post to help cushion the driver in case of an accident. It's a feature of new Lifeguard Design which Ford spent over two years developing... to give you added protection in case of an accident.

6. This Lifeguard cushioning for instrument panel and sun visors is optional. It gives you extra protection when thrown forward in an accident. You may also have optional seat belts to help keep occupants securely in seats.

7. Here's Ford's new Lifeguard door latch. It's another member of Ford's new Lifeguard family. A double-grip locking engagement reduces the chance of doors springing open under unusual strain of impact. Chances of serious injury in accidents are less when passengers remain in the car.

Well, that covers the important points. But there's a lot more. So we'd like to invite you to come in and see the new '56 Ford for yourself. Then you'll see the colorful new exteriors and interiors, the quality workmanship that is evident everywhere. Then you'll learn the full story. When you do, you'll know that Ford is the fine car at half the fine car price.
