"Yes...I Condemned THE CATHOLIC CHURCH"

"And you would, too," wrote a non-Catholic recently, "if all the things I heard about it were true.

"For years, I kept hearing that the Catholic Church was opposed to the Bible and tried to suppress it. I was told that the Church had changed Christ's teaching and practiced pompous pagan forms of worship. It was told to me that Catholics worship statues and images, and that the Catholic Church defied God's law and changed the Sabbath.

"But now I have learned that these stories and many others about the Catholic Church are not true—and never were."

Every day, thousands of our non-Catholic friends and neighbors are discovering, as this man did... that Catholic belief, worship and history are widely misrepresented and misunderstood.

That is why we publish these advertisements... and invite you to write for free explanatory pamphlets. We want you to know as we are—not as false rumors and slanders represent us to be. We want you to know... if only for your own information... what the Catholic Church actually teaches, and what we Catholics actually believe.

This enables you to get authentic information about the Catholic Church—to investigate in the privacy of your own home. Then... even though you may not agree with Catholic beliefs and practices... you will at least understand

Free
An interesting pamphlet to read in the privacy of your home. It explains Catholic teaching on such matters as divorce—mixed marriages—gambling and drinking—why Catholics do not attend non-Catholic worship—and answers many of the false rumors you have heard about the Catholic Church. No cost—no obligation. Write today—ask for Pamphlet No. KC-15.
