State College Answers Timely Farm Questions

Q. I have a three-year-old apple tree that has never been pruned. Should I prune it heavily this year or just let it go, hoping to shade out unwanted limbs?

A. This requires good judgment on your part. A tree this age should not be pruned extremely. and it is seldom desirable to prune it heavily enough to establish an ideal framework. However, if you choke out other limbs. It may be has been selected to represent her necessary to remove the most objectionable limbs and perhaps General Mills prune back some of the least ob Homemaker of Tomorrow" con jectionable ones with the ultimate aim of removing those limbs as they become dwarfed in relation to the rest of the tree.

Orders For Ewes Being Received

Orders for Western ewes are now being received at the county agent's office

County Agent T. H. Fagg said the animals probably will cost Asheville.

Orders, along with a \$5 deposit for each ewe, must be placed by March 8. Delivery of the animals will be about May 10, the agent

said At this price, Mr. Fagg said this offers a good opportunity for farmers to buy replacements or increase their flocks.
