Mr. and Mrs. James F. Furr and small son, of Brevard, spent the

week-end here with Mr. Furr's parents, Dr. and Mrs. W. E. Furr. Mr. and Mrs. Preston Henn have moved from Murphy to the Nolen apartment on First Street. Mr. Henn is the manager of the Franklin Drive-In Theatre.

CULLASAJA STARTS RED CROSS DRIVE

Community Gives Hand To Elbert Bryson; Quartet Is Coming

By MISS MARIE JENNINGS
(Community Reporter)

Cullasaja community launched its 1956 Red Cross Drive at the regular community meeting on March 6 at the school. Those appointed to solicit donations were Mr. and Mrs. David Hughes, Mrs. Elma Russell, and Pat Cable.

A recent windstorm destroyed buildings belonging to Elbert Bryson, of our community. There is a lot of work to be done in removing the debris and repairing and rebuilding the devastated buildings, so the men of the community went to Mr. Bryson's farm Tuesday to help him with this work. The ladies took a covered dish luncheon for the workers.

Mrs. Elma Russell, chairman of the finance committee, reported she has engaged the Carolina Quartet, gospel singers from Asheville, to present an all-hymn program Sunday night, March 18, at 7:30, at the school. She also announced that the Melodyaires Quartet will present a hymn program on April 13.

The picnic area was discussed and work plans made. On Friday, March 16, the men plan to get out timber to be used for the name posts to be erected at the road intersections. The ladies plan to paint the picnic tables and shed while the men are getting the posts. All workers will meet at the picnic area.

Pat Cable, president, presided at the meeting. Refreshments of cookies, cup cakes and punch were served.

O. E. S. Elects Mrs. Calloway Worthy Matron

Highlands Chapter 284 Friday night elected Mrs. Agnes R. Calloway as worthy matron for 1956-57. Her husband, Leon P. Calloway, was named worthy patron.

Other elected officers for the new year are Mrs. Anne B. Holt, associate matron, Edward Potts, associate patron, William N. Slattery, secretary, Mrs. Carolyn P. Nall, treasurer, Mrs. Vernon N. Slattery, conductress, and Miss Dorothea Harbison, assistant conductress.

Appointive officers are now being filled and will be announced later. Installation of the new officers is set for the 23rd. Members of the Nequassa chapter in Franklin will have charge.

AT SCOUT MEETING

Four Nantahala Girl Scout Area officers from Franklin attended a party in observance of the national Girl Scout birthday in Sylva on Sunday. It was sponsored by the Sylva troops. They were Mrs. Margaret

Most Important — According to leading nutritionists, breakfast is the most important meal of the day. They advise us to eat 25 to 33 per cent of the day's food at this early morning meal.

Medical men blame poor breakfast habits for such common complaints as irritability, inability to concentrate, mid-morning "slump," light headaches and fatigue.

Breakfast boredom, no doubt, takes a high toll of early morning appetites in many families. Sameness of menus morning after morning certainly does little to excite interest and appetite.

But it really isn't necessary to serve the same breakfast day after day, not with the wide variety of breakfast foods to choose from today. You can find scores of breakfast cereals, meats, fresh, frozen and canned fruit and juices. And think of the many ways you can cook an egg, or fix toast.

Is it lack of time to prepare? That's no excuse. Not when you can serve ready-to-eat and quick-cooking cereals, buy delicious breakfast breads, and serve fresh-tasting fruit juice just by open-

ing a can and adding water. Is it a lack of time to eat? Probably not, most of us find time for the things we want to do, the things we consider really vital. But what is more vital than good eating habits?

Never before there been such wide variety and availability of the foods that make healthful breakfasts. A good breakfast will give you a lift for the day.

State College Answers Timely Farm Questions

Q. Does it pay to increase grain feeding each week during the six-week period before a cow calves?

A. Some experiments have shown that cows fed increased amount of grain produced no more milk during the first 84 days after calving than did a similar group of cows fed only alfalfa hay and corn silage six weeks before calving. The grain feeding did, however, result in

greater gains in weight. There was no difference between the two groups in the amount of udder congestion at calving.

Q. What are results of overcrowding poultry?

A. It usually results in retarded growth and feathering, and often an increase in mortality. In addition, cannibalism may set in, and the increased number of birds means more droppings, thus leading to poor sanitation.

Q. Just how much floor space should chickens have?

A. Research has indicated that for broiler production, there should be three-fourths of a square foot of floor for broilers, and 400 square feet of floor space per 100 birds of American breeds of layers. With lighter breeds of layers, 300 to 350 feet for 100 layers is adequate.

State Officer Will Install Officers Of Nequassa Order Here

Mrs. Hilda S. Halliburton, of Canton, in her official capacity

as worthy grand matron, will install the new officers of Nequassa Chapter 43, Order of Eastern Star, tonight (Thursday) at the Masonic Temple on Church Street.

The officers include Mrs. Katherine Crawford, worthy matron, W. G. Crawford, worthy patron, Mrs. Emma Jane Phillips, associate matron, W. L. Harper, associate patron, Mrs. Nobia G. Murray, secretary, Mrs. Alice C. Ray, treasurer, Mrs. Eula D. Carpenter, conductress, and Mrs. Ruby M. Harper, associate conductress.
